Introduction

Lekke Lokal is a community-focused C2C e-commerce marketplace that allows local users to buy and sell second-hand or locally available products. Users can browse product listings, create and manage their own listings, save items to a Wishlist, place orders, communicate with buyers and sellers, leave reviews, submit complaints, and manage their account details.

The platform includes security features such as CAPTCHA verification, email OTP verification, password reset protection, seller verification, and product photo validation.

This guide provides step-by-step instructions for using the main features of the Lekke Lokal website.

System Features

Customer, Buyer, and Seller Features

Lekke Lokal uses one user account for both buying and selling. A registered user can act as both a buyer and seller depending on the actions they perform.

Main user features include:

1. Account registration
2. CAPTCHA verification
3. Login
4. MFA OTP verification
5. Forgot password and password reset
6. Marketplace dashboard
7. Product search and filtering
8. View product details
9. Wishlist
10. Buy now / place an order
11. Order history
12. View order details
13. Rate and review purchased items
14. Raise complaints on orders
15. View complaint history from complaint page
16. Send messages to sellers/buyers
17. Manage account details
18. Manage delivery address
19. Manage language preference
20. Create new listings
21. Upload product photos
22. View own listings
23. Edit own listings
24. Remove and restore own listings
25. View sales
26. View sale details
27. Mark sales as completed
28. View buyer reviews on sales
29. Complete seller verification
30. Monthly selfie verification where required
31. View seller trust badge and verification status
32. Signing out

Operational Guide

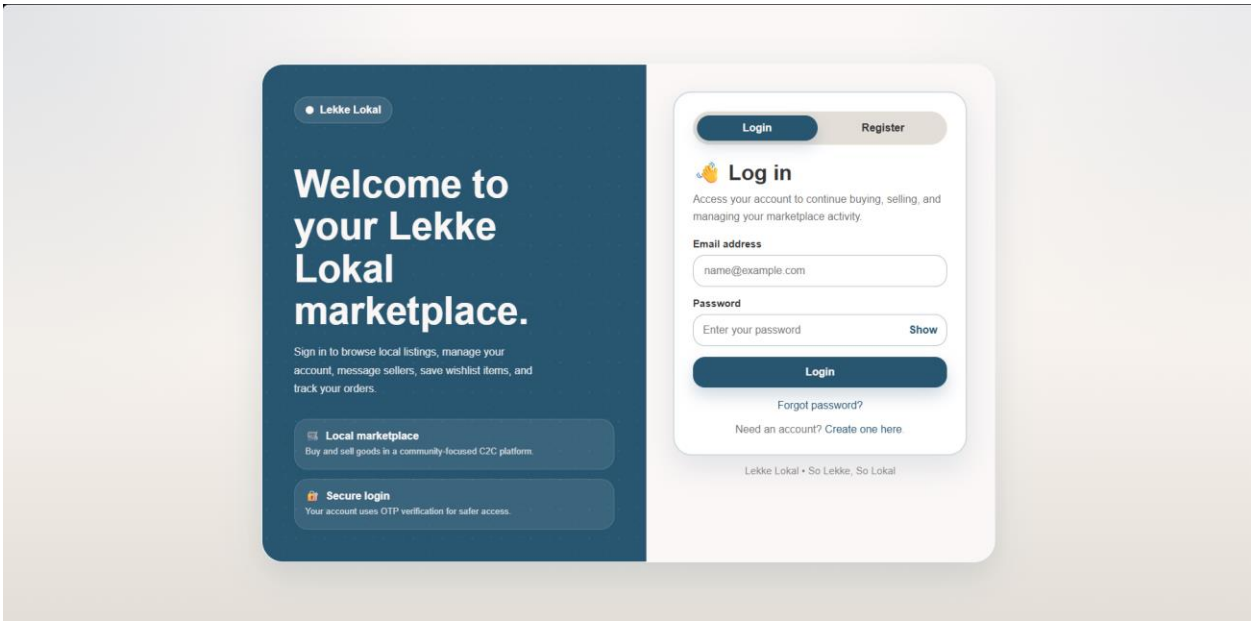

Accessing the Website

Purpose

The website allows users to log in, register, browse marketplace products, buy items, sell products, and manage account activities.

Steps

1. Open the Lekke Lokal website URL in a browser.
2. The login page should appear.
3. From here, the user can log in or navigate to registration.

Account Registration

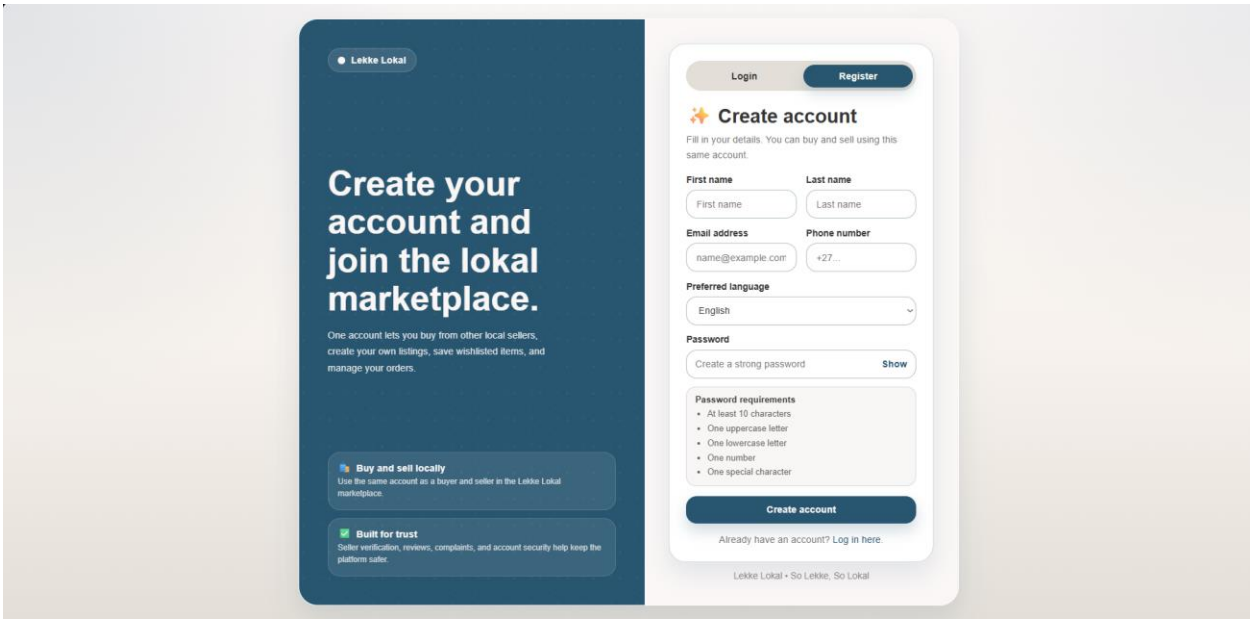

Creating a New Account

Purpose

A new user must create an account before they can buy, sell, message, review, or raise complaints.

Steps

1. Open the login page.
2. Click Register.
3. Enter the required details:
    a. First name
    b. Last name
    c. Email address
    d. Phone number
    e. Preferred language
    f. Password
4. Check the password requirements below the password field.
5. Click Create account.
6. The system will move the user to the CAPTCHA verification step.

Expected Result

The user is taken to the CAPTCHA page. The account is not fully saved unless CAPTCHA verification succeeds.

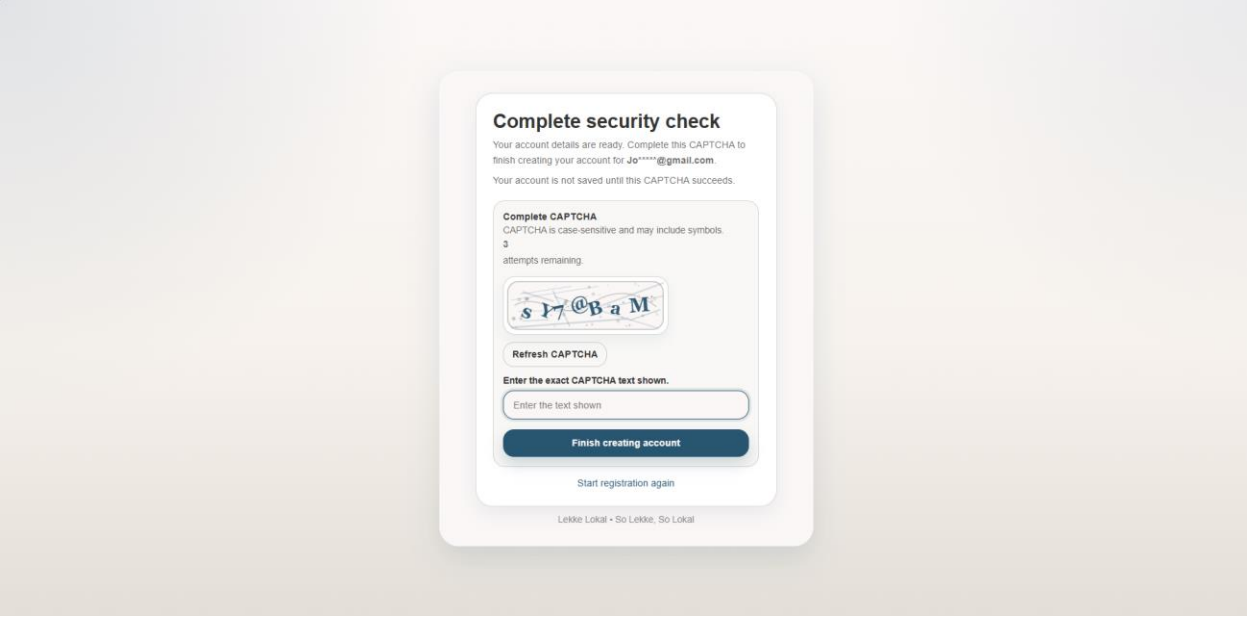

Completing CAPTCHA Verification

Purpose

CAPTCHA is used to reduce automated or fake registrations.

Steps

1. After submitting the registration form, the CAPTCHA page opens.
2. Read the displayed CAPTCHA text.
3. Type the CAPTCHA exactly as shown.
4. Click the button to continue.
5. If successful, the account is created.
6. If the user fails too many times, they are sent back to registration.

Expected Result

After successful CAPTCHA verification, the user is redirected to the login page with a success message.

Login and Account Security

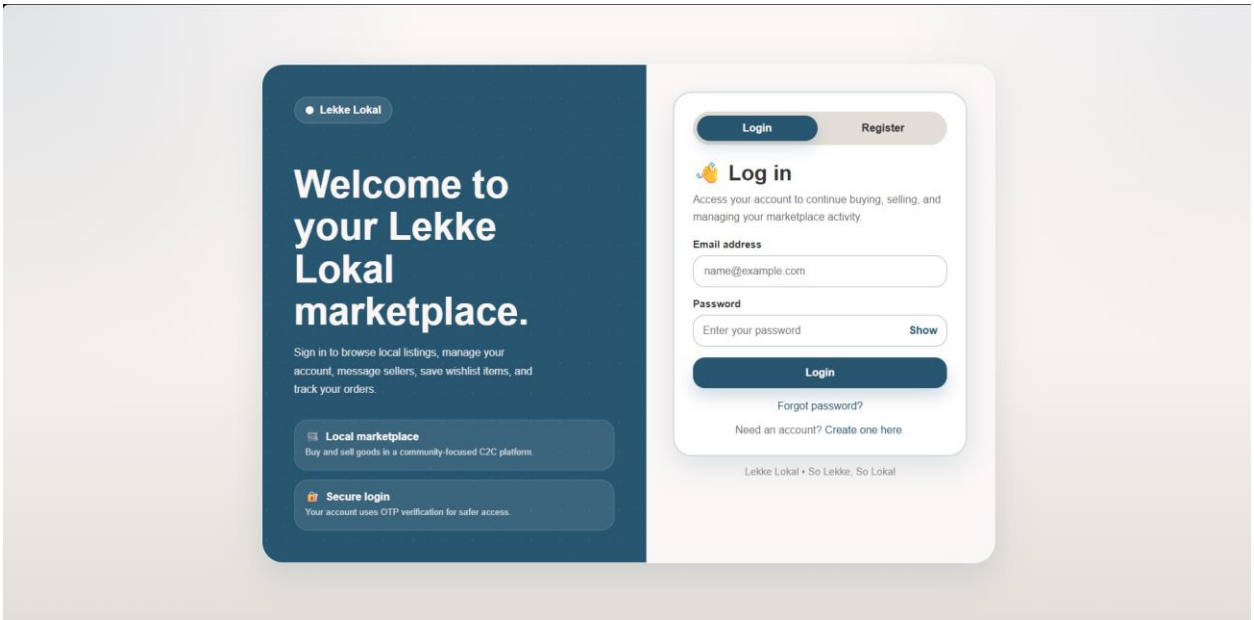

Logging In

Purpose

The login page allows registered users to access the marketplace.

Steps

1. Open the website.
2. Enter the registered email address.
3. Enter the password.
4. Click Login.
5. If the details are correct, the system may request OTP verification.

Expected Result

The user is either logged in directly if MFA is still valid or redirected to the OTP verification page.

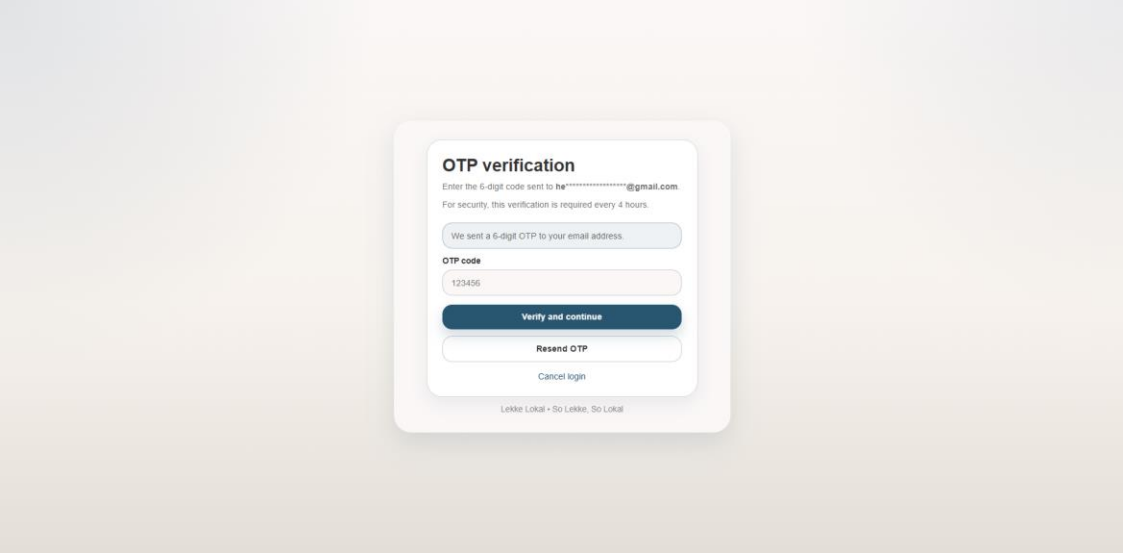

OTP / Multi-Factor Authentication

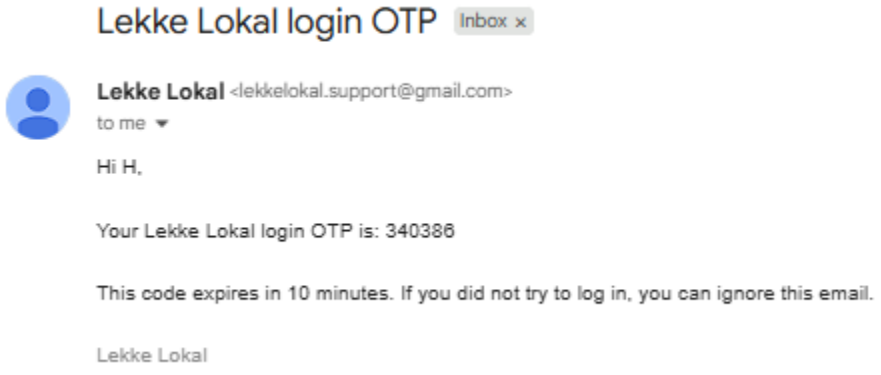

Purpose

OTP verification adds an extra layer of account security. The user receives a code through email and must enter it before accessing the system.

Steps

1. Log in with a valid email and password.
2. Open the email inbox linked to the account.
3. Find the Lekke Lokal OTP email.
4. Copy the 6-digit OTP.
5. Enter the OTP on the verification page.
6. Click Verify and continue.
7. If the OTP is correct, the user is redirected to the dashboard.

Expected Result

The user is authenticated and taken to the marketplace dashboard.

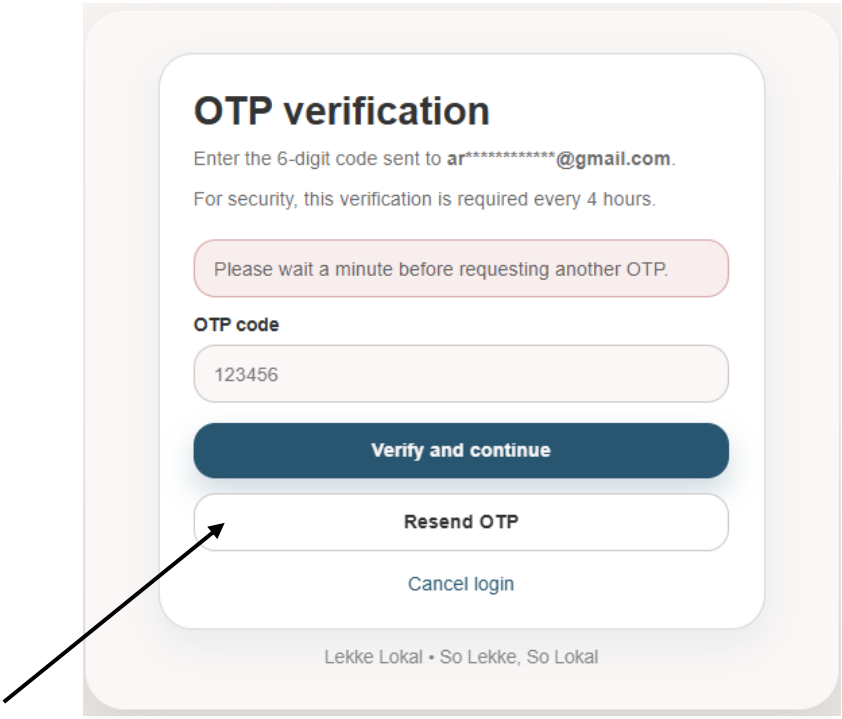

Resending OTP

Purpose

If the user does not receive an OTP or the OTP expires, they can request another OTP.

Steps

1. On the OTP verification page, click Resend OTP.
2. Check the email inbox again.
3. Enter the new OTP.
4. Submit the form.

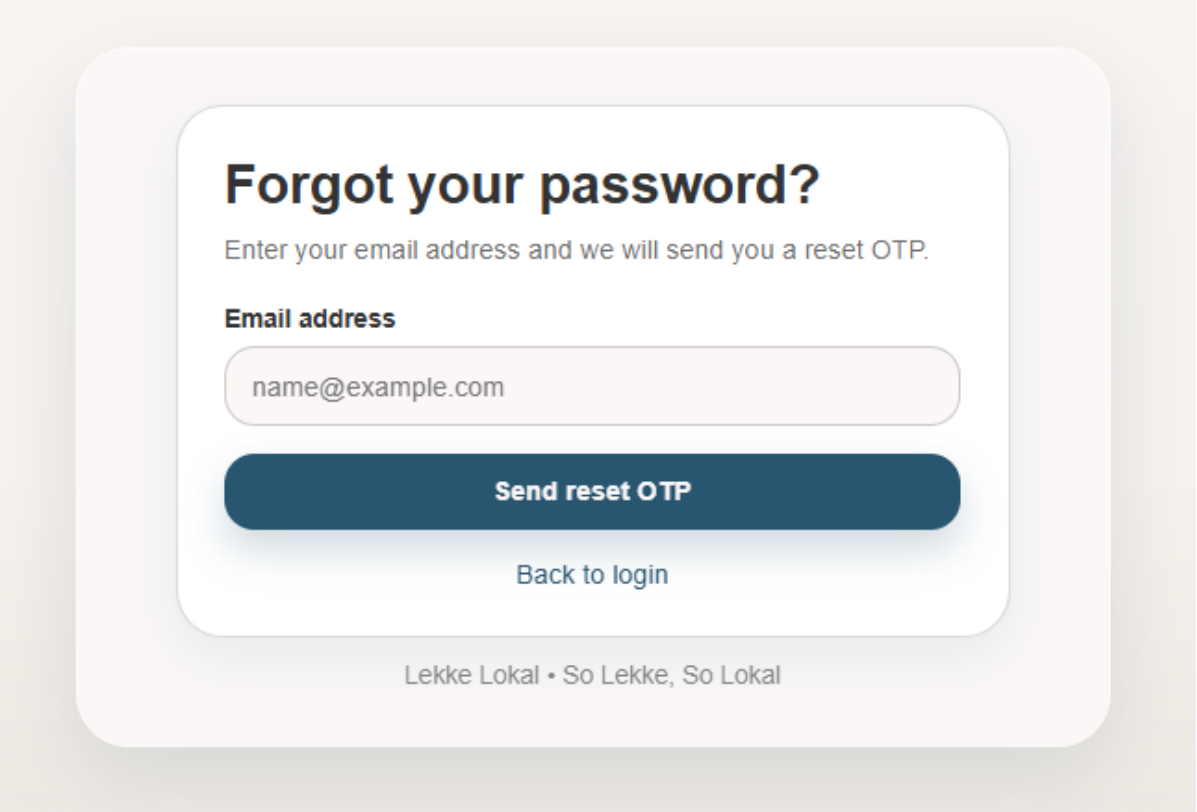

Forgot Password

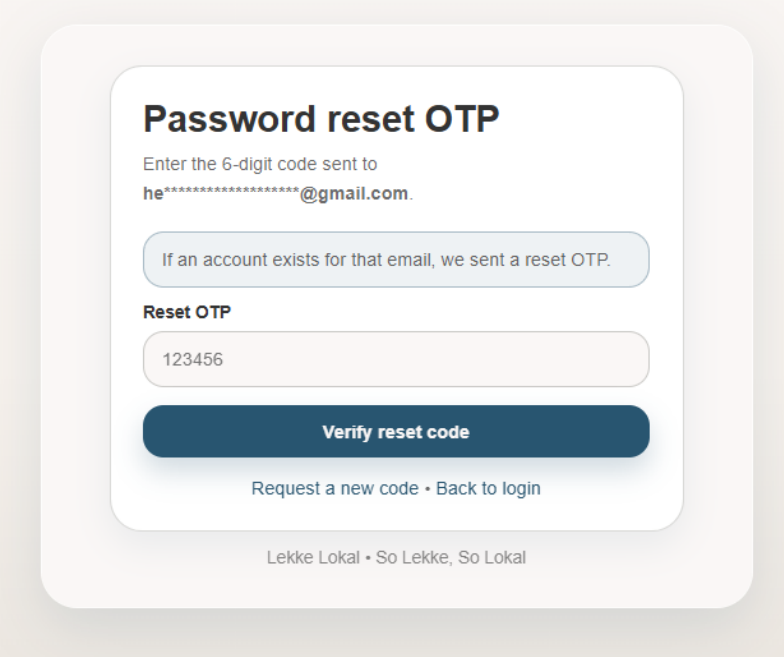

Purpose

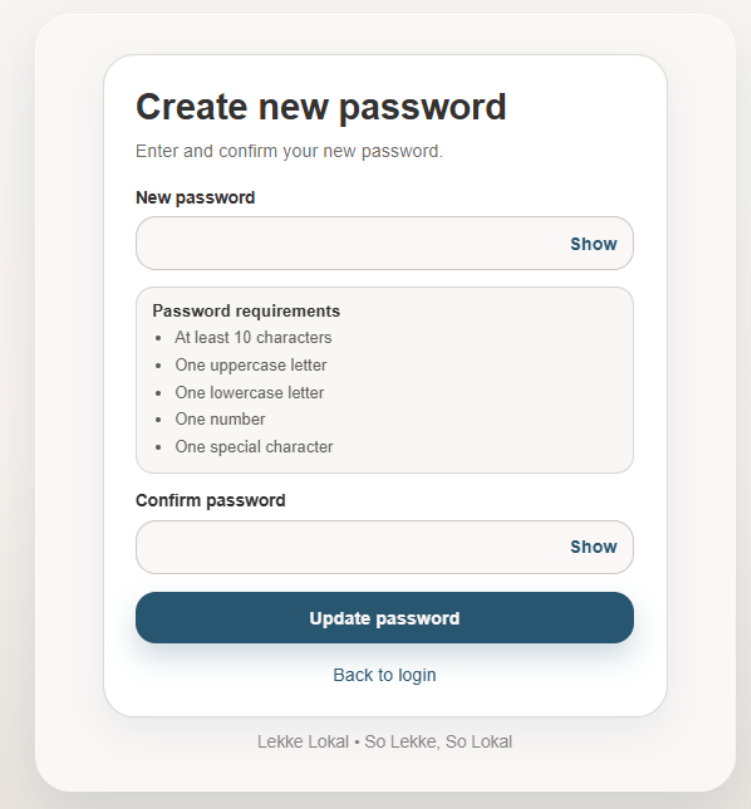

This feature allows users to reset their password if they forget it.

Steps

1. On the login page, click Forgot password?
2. Enter the registered email address.
3. Click Send reset OTP.
4. Check the email inbox for the reset OTP.
5. Enter the OTP on the password reset verification page.
6. After successful OTP verification, enter a new password.
7. Confirm the new password.
8. Submit the form.
9. Return to the login page and sign in with the new password.

Expected Result

The password is updated and the user can log in with the new password.

Marketplace Dashboard

Dashboard Overview

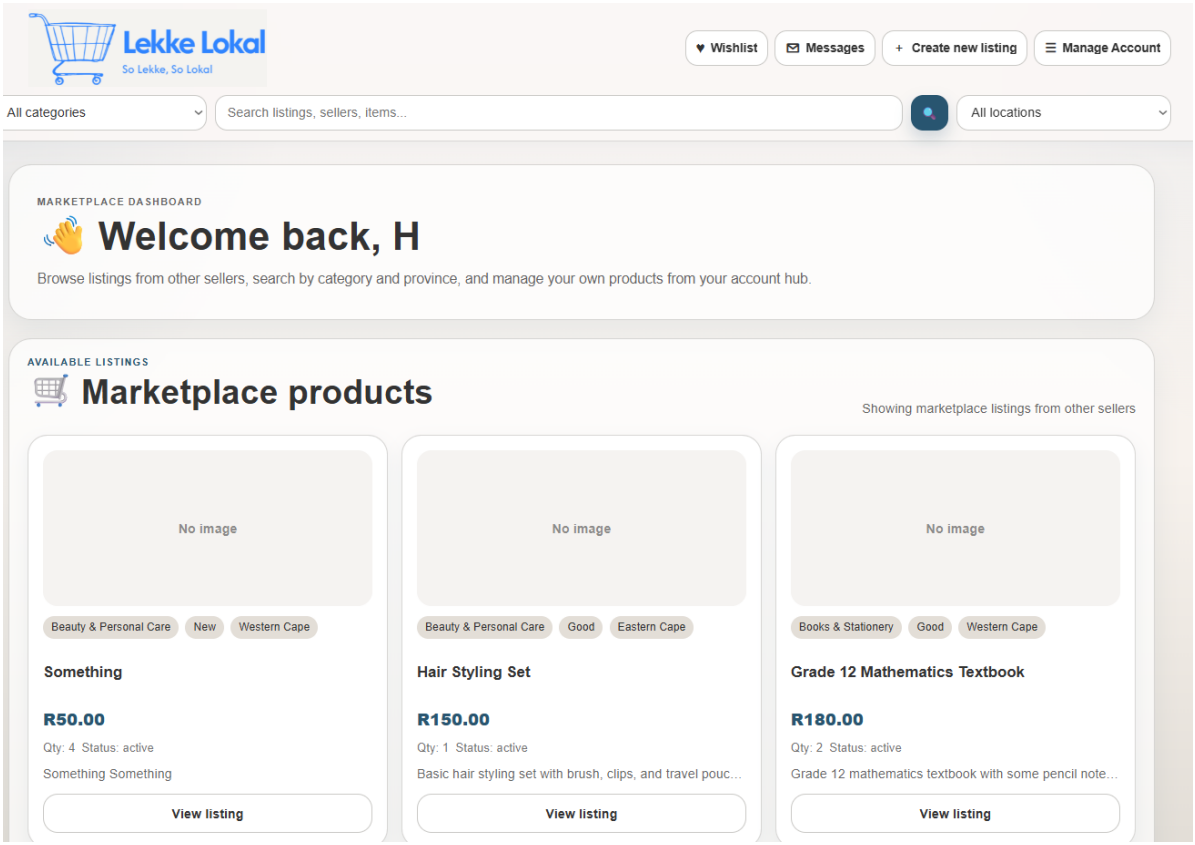

Purpose

The dashboard is the main landing page after login. It shows marketplace products from other sellers and gives users access to search, filters, Wishlist, messages, listings, and account management.

Main Dashboard Areas

Navigation bar

- Category dropdown
- Location dropdown
- Search bar
- Wishlist button
- Messages button
- Create new listing button
- Manage account button
- Marketplace product cards
- Support/contact footer card

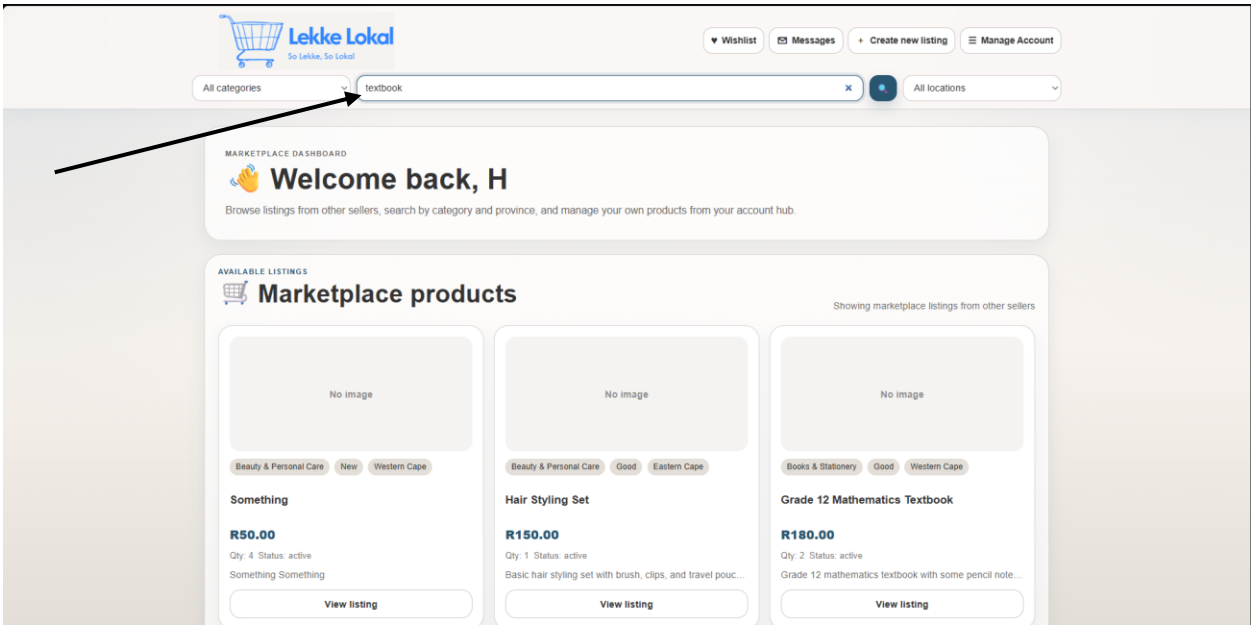

Searching for Listings

Purpose

Users can search for products, sellers, categories, or listing descriptions.

Steps

1. Go to the dashboard.
2. Click the search bar.
3. Type a keyword, for example:
    a. textbook
    b. phone
    c. shoes
    d. Ayesha (Seller name)
4. Click the search button.
5. The dashboard updates to show matching listings.

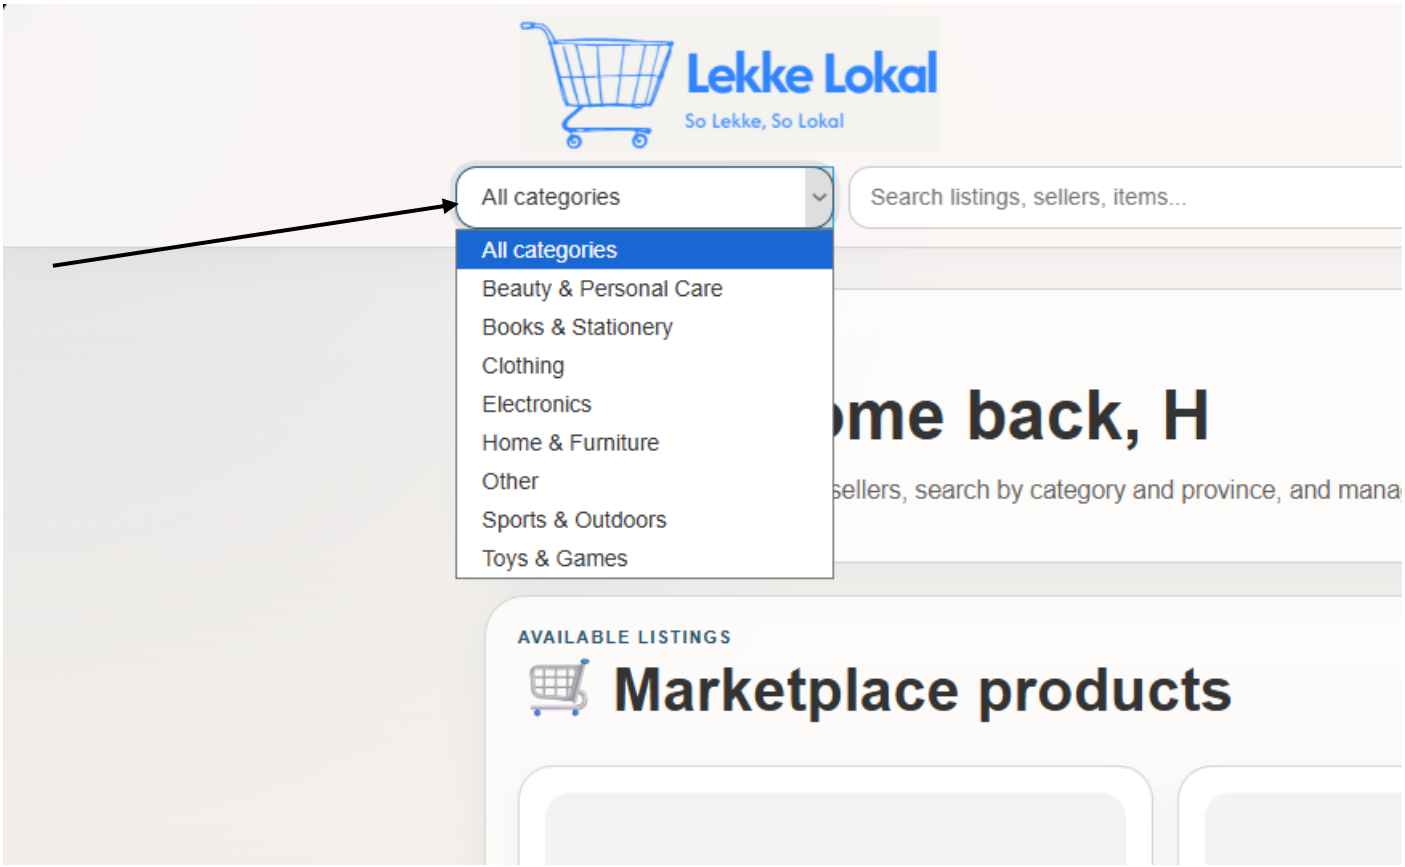

Filtering by Category

Purpose

Users can narrow products by product category.

Steps

1. Open the category dropdown.
2. Select a category, such as:
    a. Clothing
    b. Electronics
    c. Books & Stationery
    d. Sports & Outdoors
3. The results update to show listings in that category.

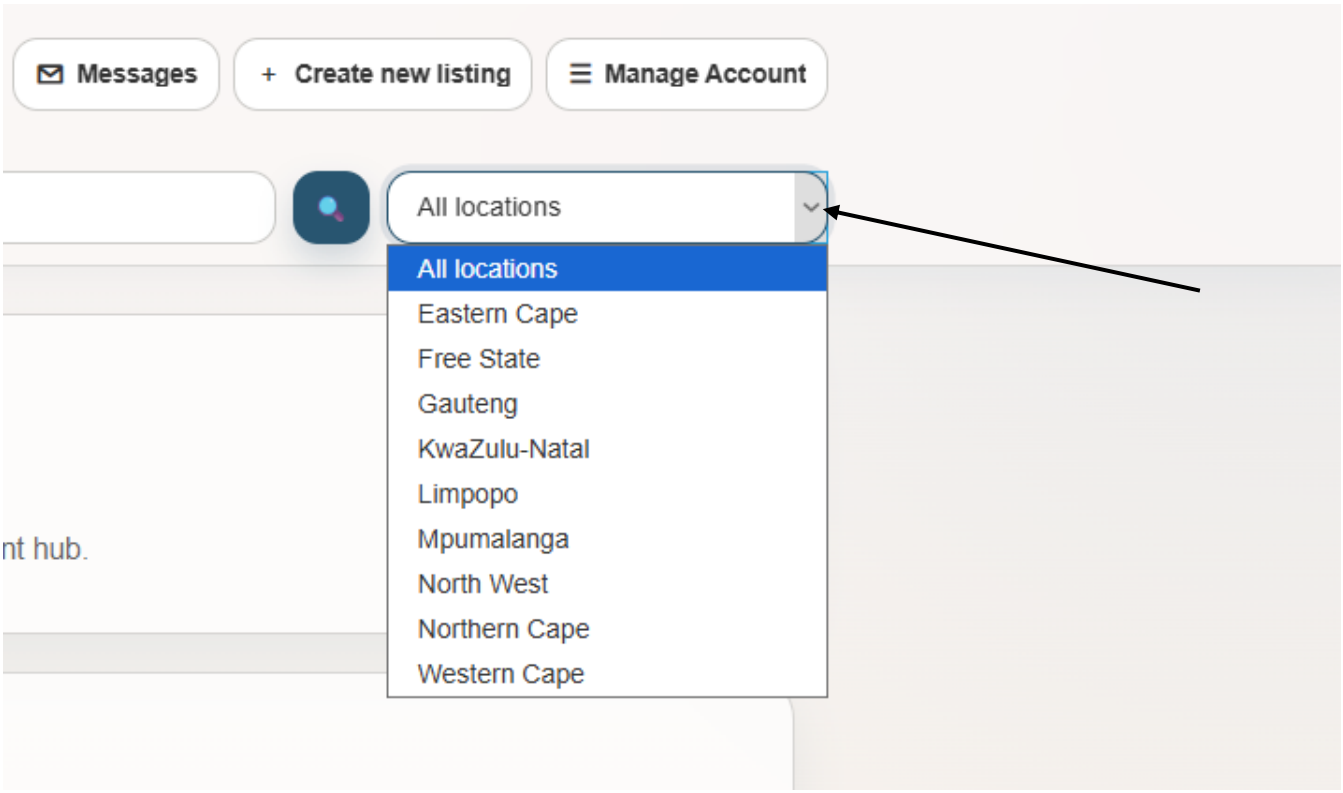

Filtering by Location

Purpose

Users can filter listings by province/location.

Steps

1. Open the location dropdown.
2. Select a province, such as:
    a. Western Cape
    b. Gauteng
    c. KwaZulu-Natal
3. The marketplace displays listings from the selected location.

Viewing Product Listings

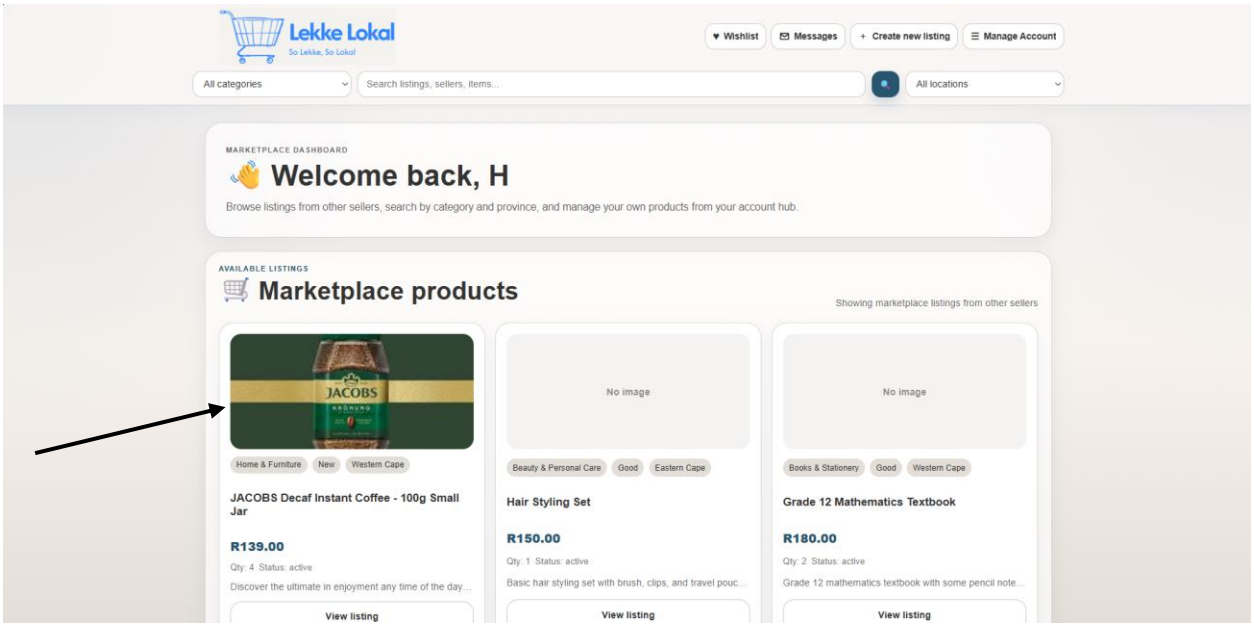

Product Cards

Purpose

Product cards give a quick summary of each item.

Product cards may show:

- Product image
- Product title
- Price
- Category
- Condition
- Location
- Seller/store name
- Short description
- View listing action

Viewing Listing Details

Purpose

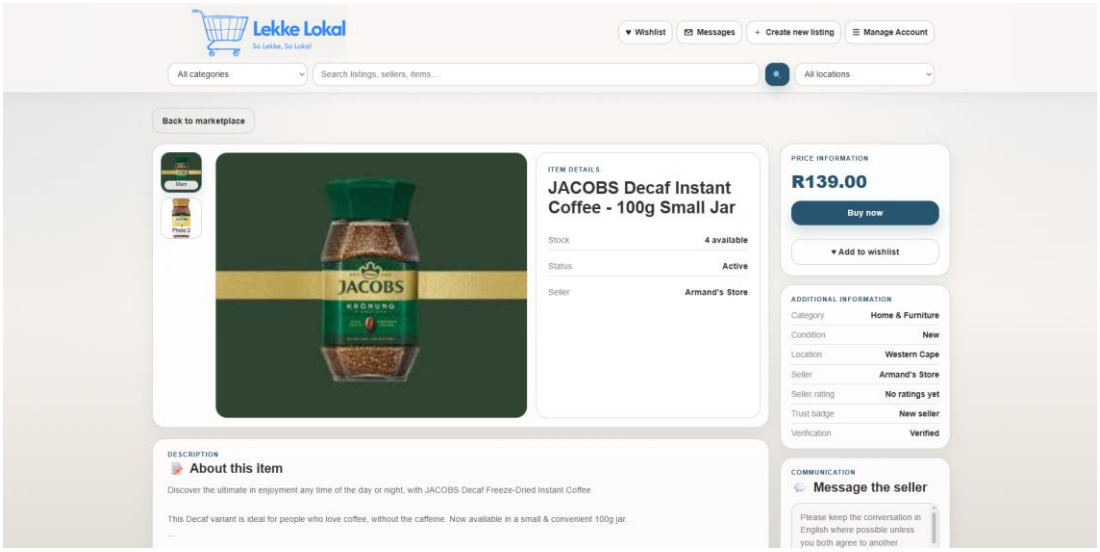

The listing details page gives full information about a product.

Steps

1. On the dashboard, click a product card or View listing.
2. The product detail page opens.
3. Review the product information.

The listing detail page includes:

- Product image or image placeholder
- Title
- Stock quantity
- Status
- Seller name
- Price
- Buy now button
- Wishlist button
- Description
- Category
- Condition
- Location
- Seller rating
- Trust badge
- Verification status
- Message seller section
- Customer reviews

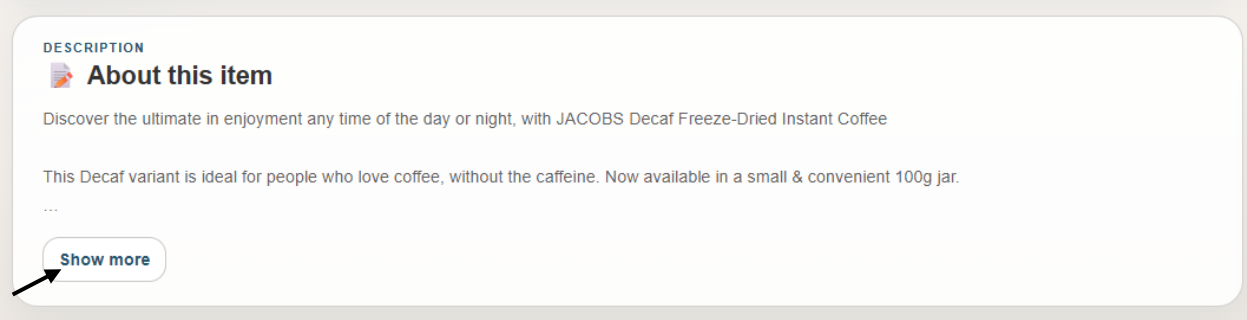

Reading Long Descriptions

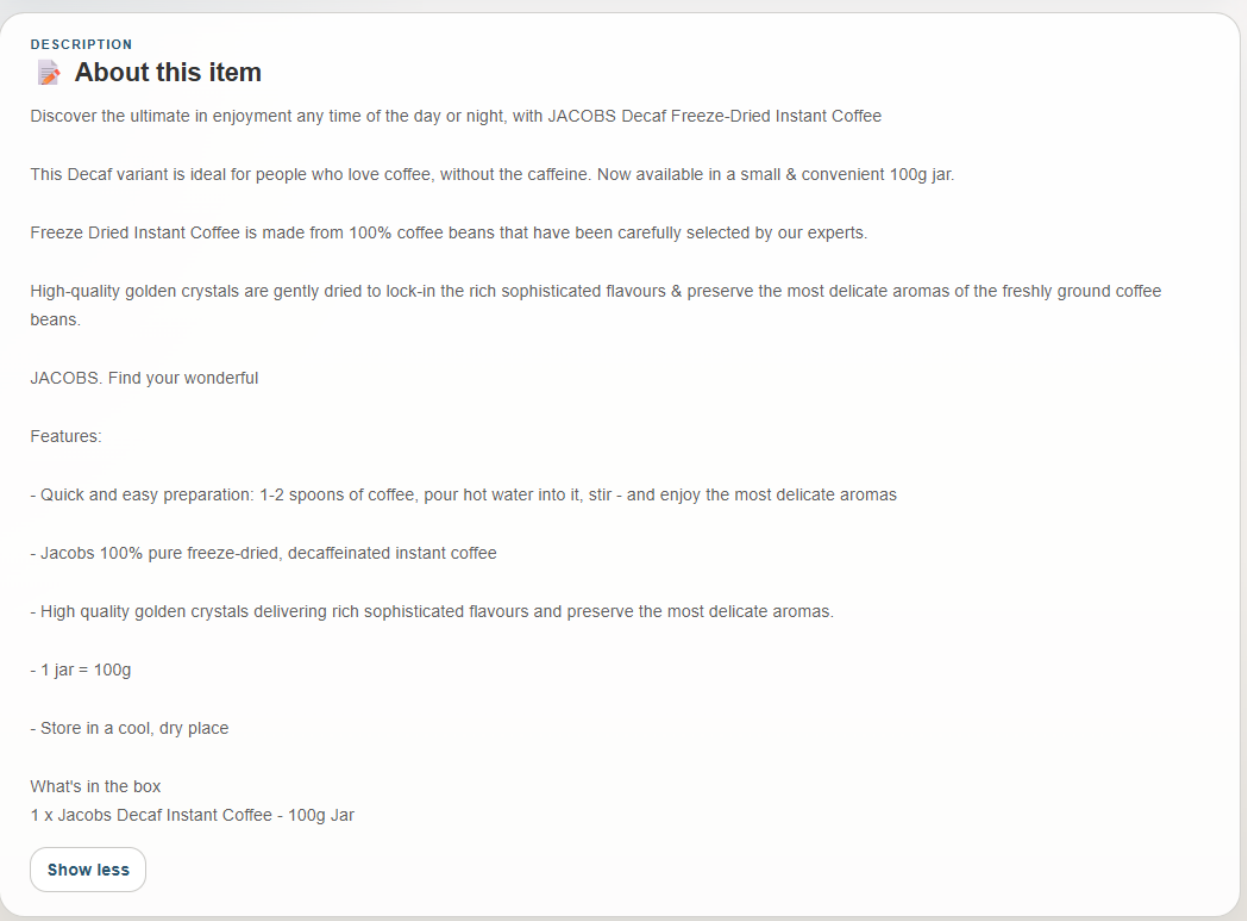

Purpose

Long descriptions may be shortened to keep the page clean.

Steps

1. Open a listing detail page.
2. If a description is shortened, click Read more.
3. The full description becomes visible.

Viewing Ratings and Reviews

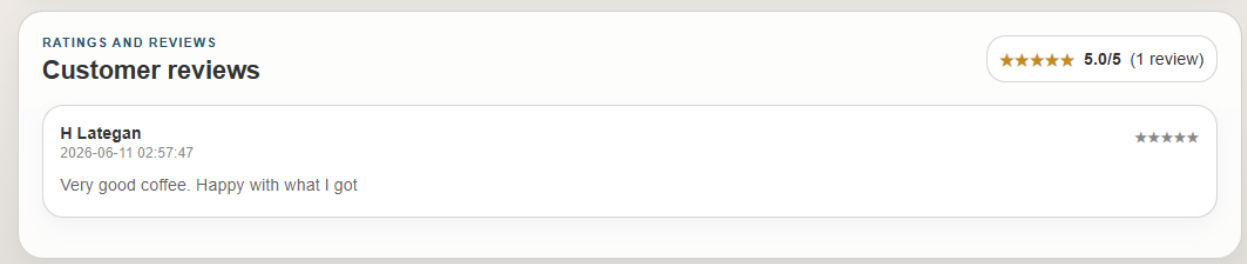

Purpose

Ratings and reviews help buyers understand seller and product quality.

Steps

1. Open a listing detail page.
2. Scroll to the ratings and reviews section.
3. View the average rating.
4. Read individual customer reviews.

If there are many reviews, the system can show the first few reviews and allow further reading or pagination.

Wishlist

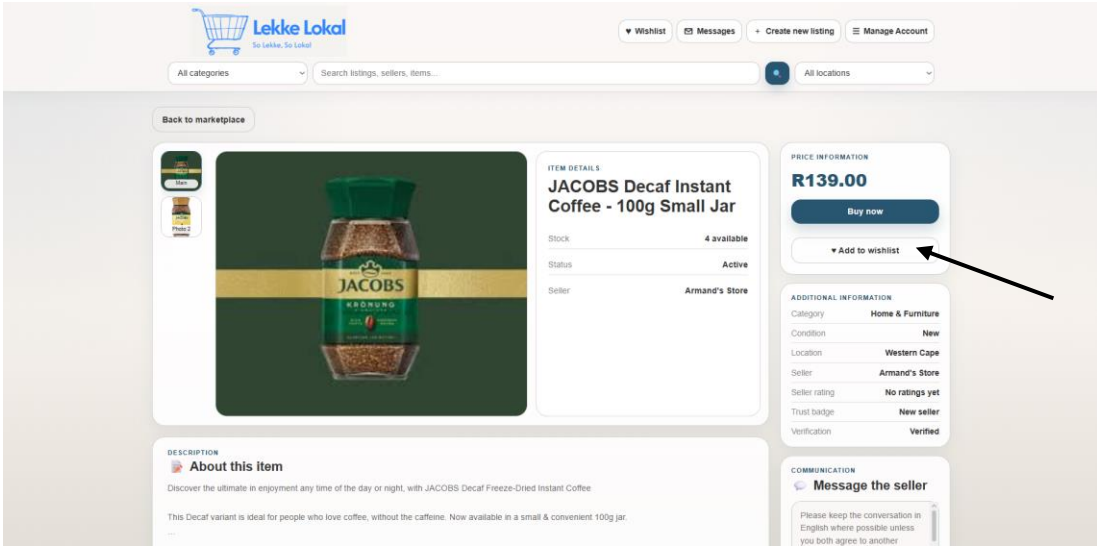

Adding an Item to Wishlist

Purpose

The Wishlist allows buyers to save listings they want to revisit later.

Steps

1. Open a listing detail page.
2. Click Add to Wishlist below the Buy Now button.
3. The item is added to the user's Wishlist.

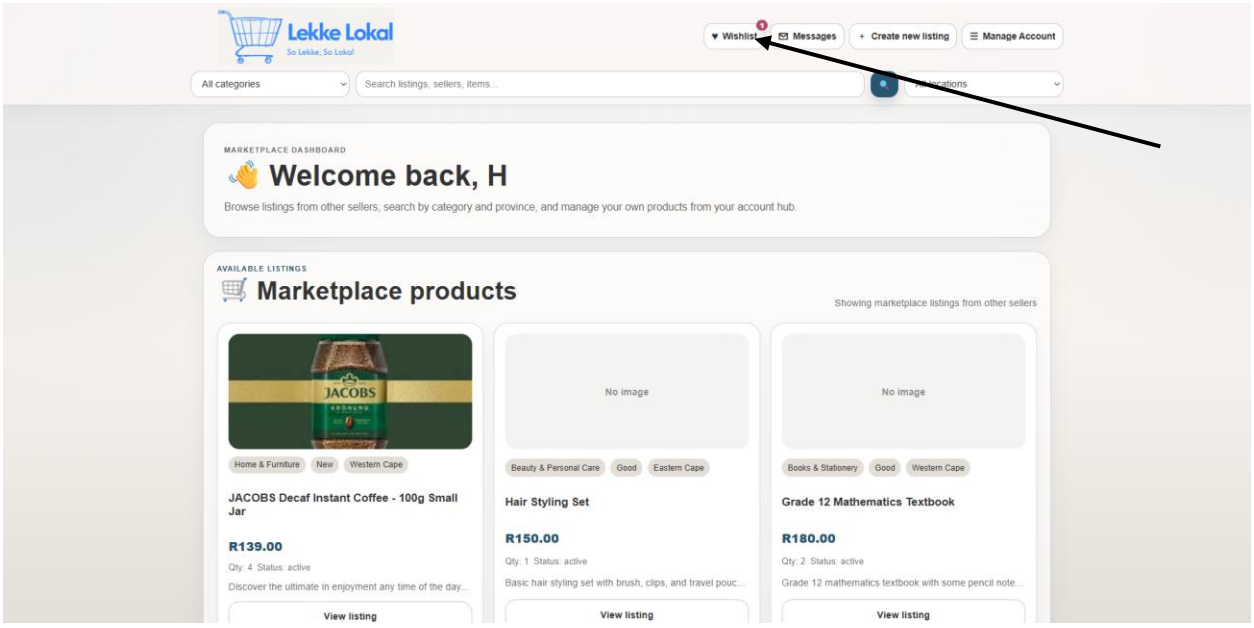

Opening Wishlist

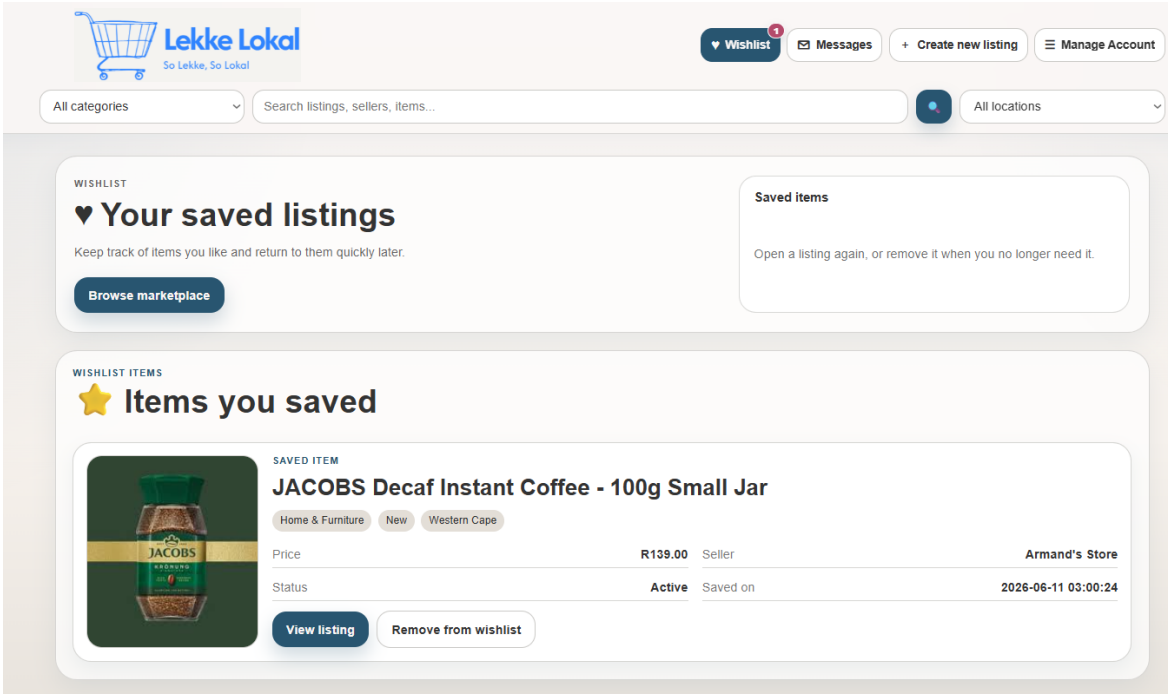

Purpose

The Wishlist page displays saved items.

Steps

1. Click the heart icon or Wishlist button in the navigation bar.
2. The Wishlist page opens.
3. Saved items are displayed as cards.

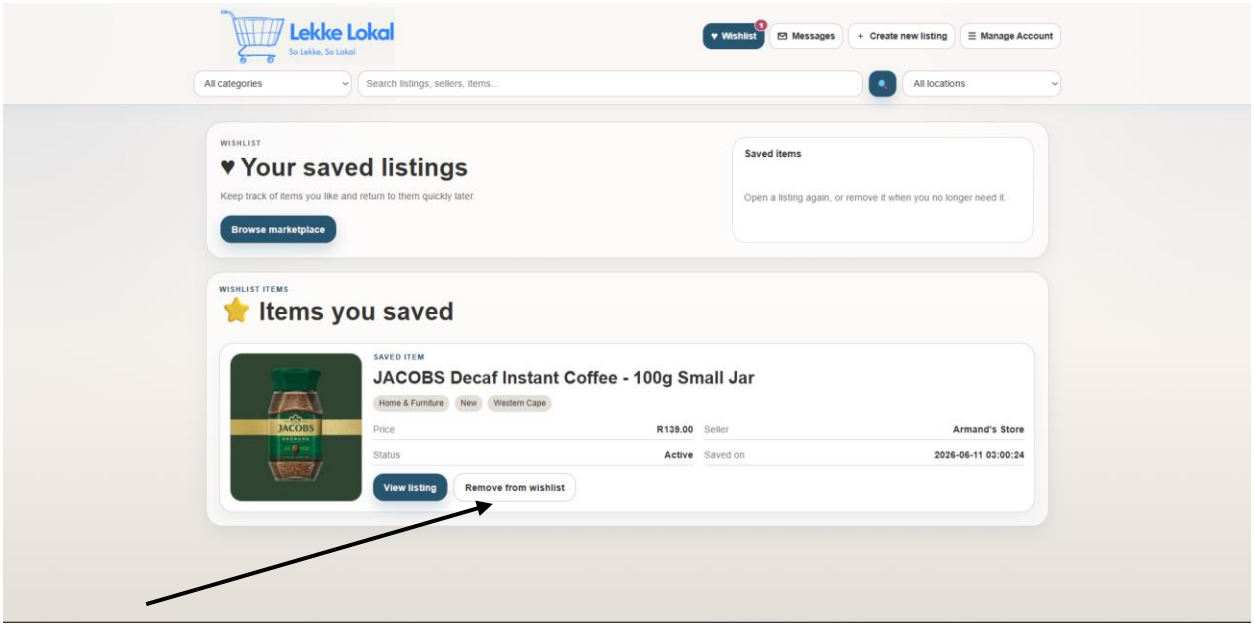

Removing an Item from Wishlist

Purpose

Users can remove items they no longer want to save.

Steps

1. Open the Wishlist page.
2. Find the saved listing.
3. Click the remove/delete option.
4. The item is removed from the Wishlist.

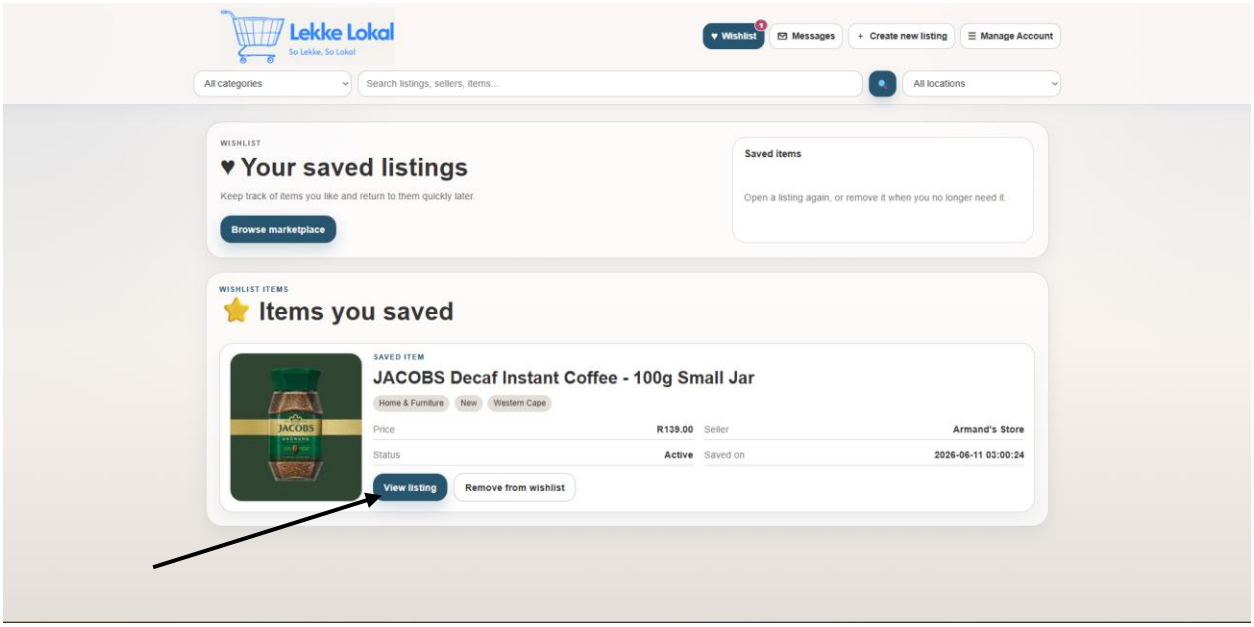

Opening a Saved Listing

Purpose

Users can return to a listing from their Wishlist.

Steps

1. Open the Wishlist page.
2. Click the listing card or View listing.
3. The listing detail page opens.

Buying a Product

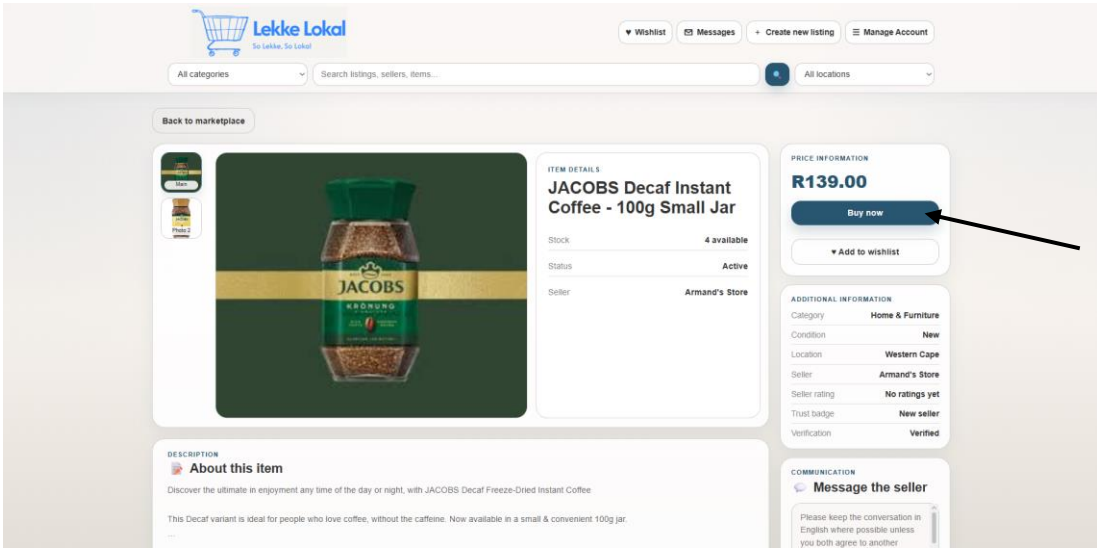

Buy Now

Purpose

Buyers use the Buy Now feature to place an order for a selected product.

Steps

1. Open a listing detail page.
2. Click Buy now.
3. Review the item details.
4. Select or confirm the delivery/pickup method.
5. Enter address details where required.
6. Confirm the order.

Address Entry

Purpose

The system uses structured address fields to reduce confusion and improve address validity.

Address fields may include:

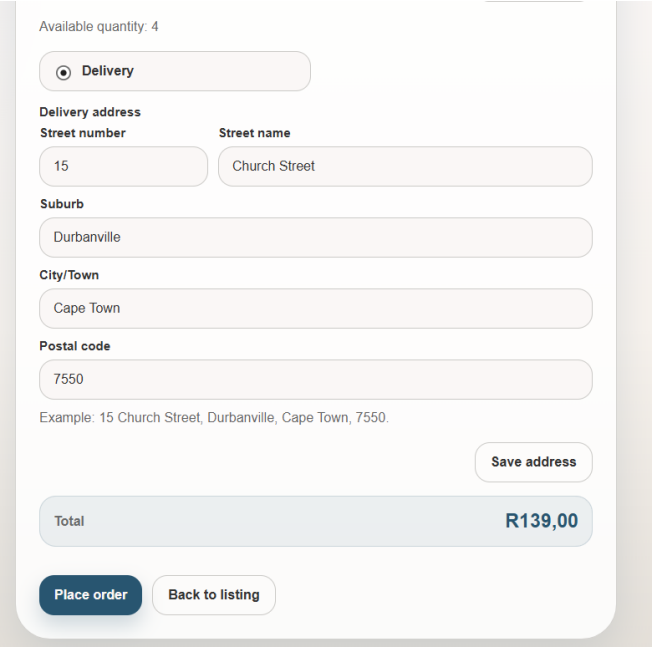

- Street number
- Street name
- Suburb
- City/Town
- Postal code

Example address format:

- 15 Church Street
- Durbanville
- Cape Town
- 7550

Steps

1. Fill in each address field carefully.
2. Use a real street number and street name.
3. Enter the suburb.
4. Enter the city or town.
5. Enter the postal code.
6. Save or submit the address.

Order History

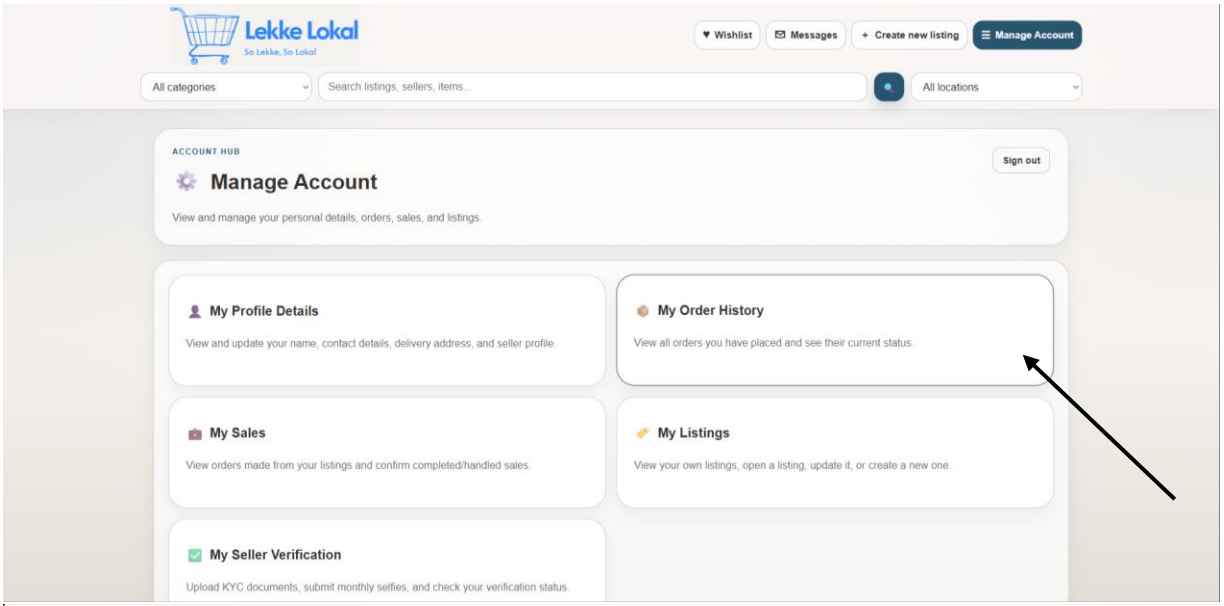

Viewing Buyer Order History

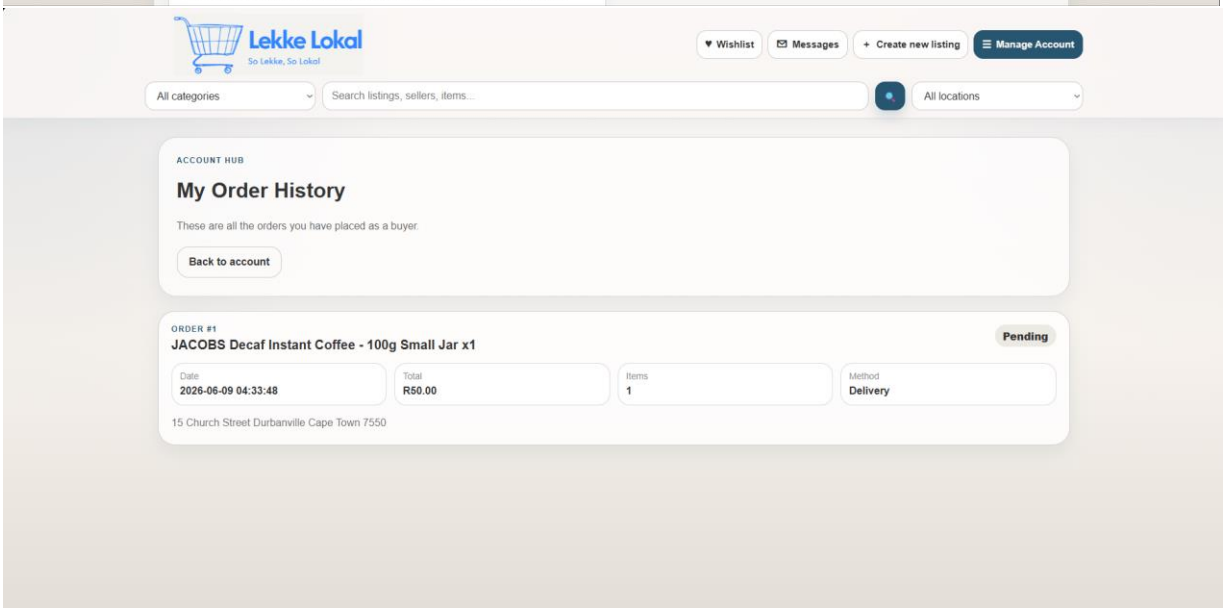

Purpose

The order history page allows buyers to view previous purchases.

Steps

1. Go to Manage Account.
2. Click My Order History.
3. A list of orders appears.
4. Click an order to view more details.

Viewing Order Details

Purpose

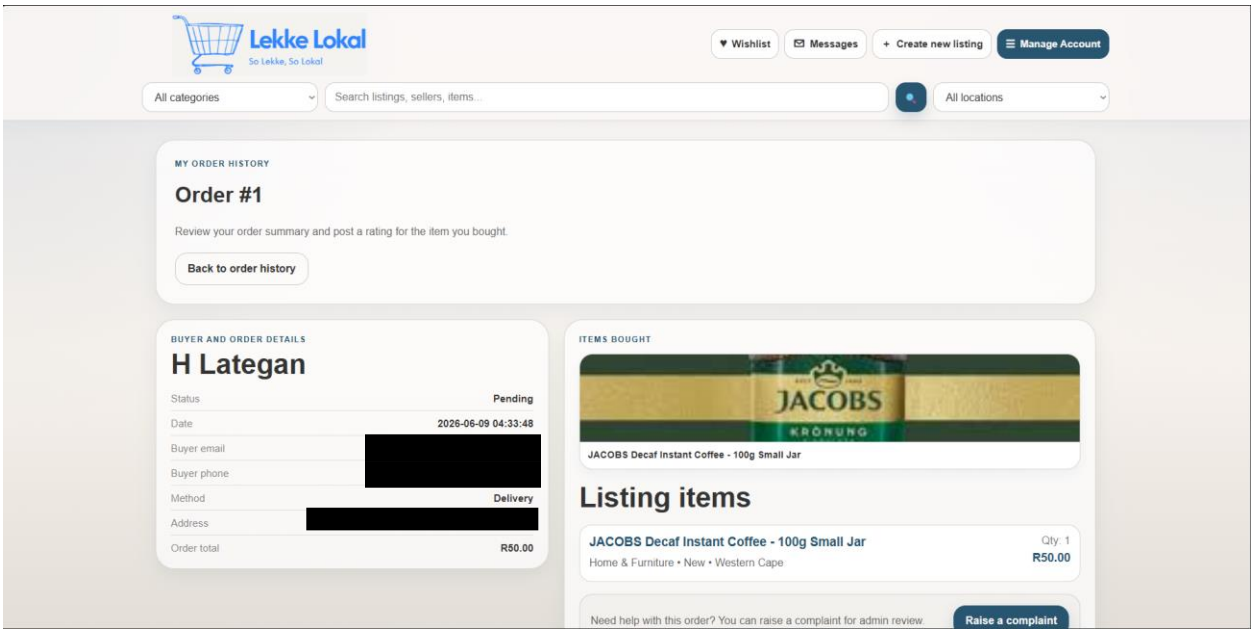

The order detail page shows a summary of a selected order.

The order detail page may include:

- Order number
- Seller details
- Order status
- Order date
- Buyer email
- Buyer phone
- Delivery method
- Address
- Ordered listing items
- Total amount
- Rating and review section
- Raise complaint button

Steps

1. Open My Order History.
2. Click a specific order.
3. Review the full order summary.

Reviews and Ratings

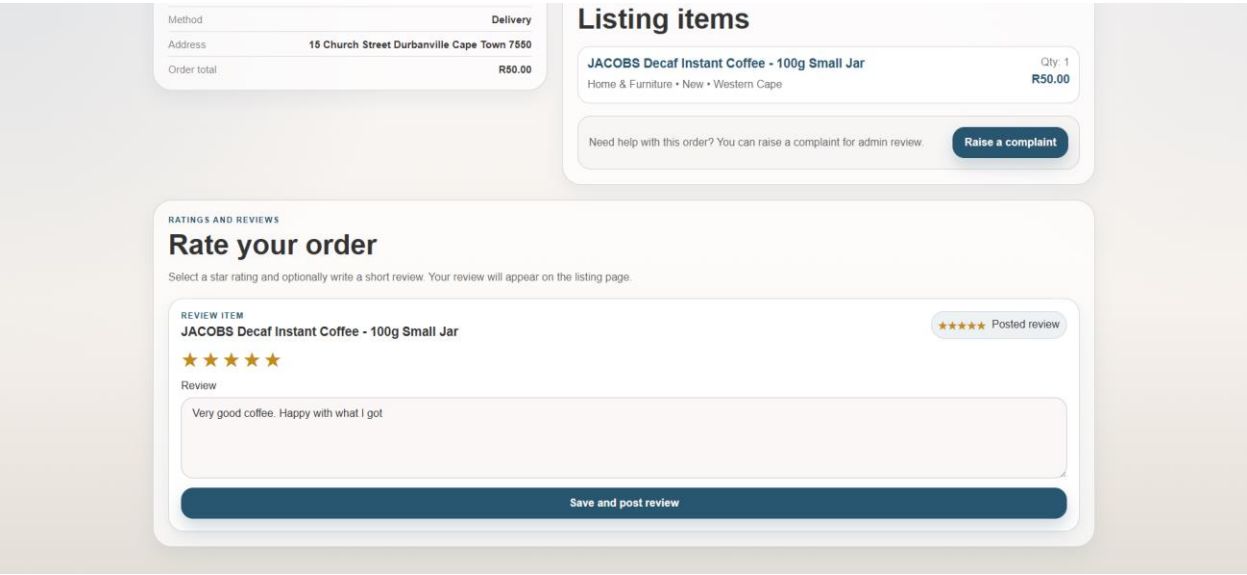

Leaving a Rating

Purpose

Buyers can rate products/orders after purchasing.

Steps

1. Open My Order History.
2. Click a completed or selected order.
3. Scroll to the rating section.
4. Select a star rating.
5. Optionally write a review.
6. Click Save and post review.

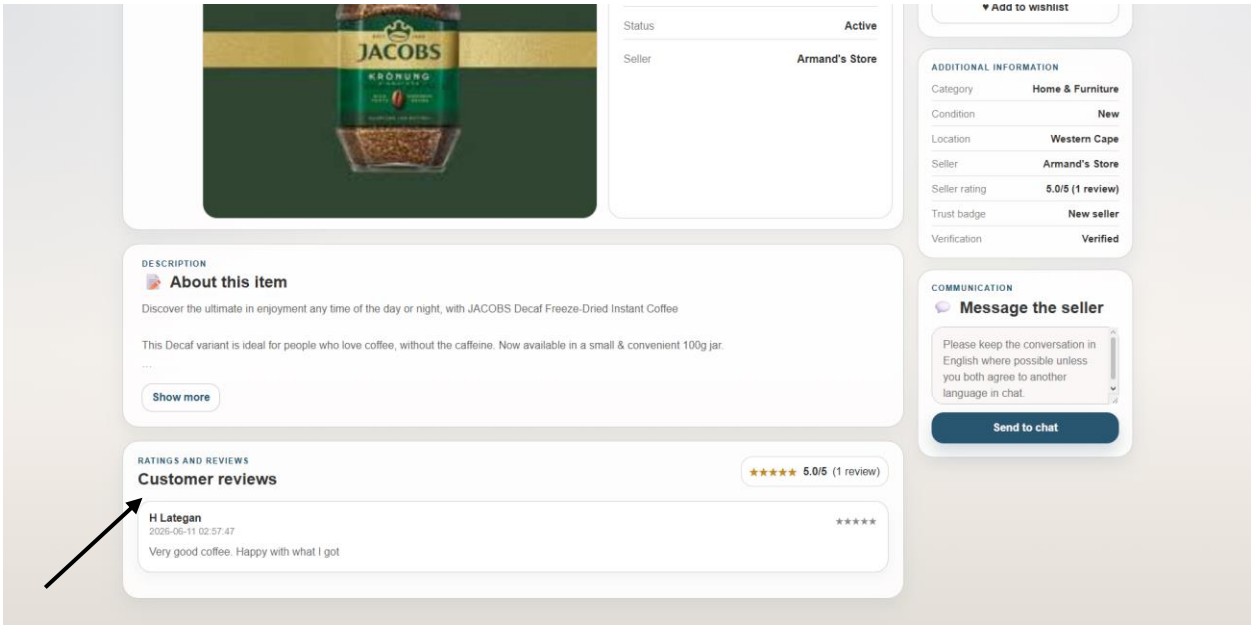

Viewing Posted Reviews

Purpose

Posted reviews appear on listing pages and can help future buyers.

Steps

1. Open the relevant listing page.
2. Scroll to Customer reviews.
3. View the average rating and individual reviews.

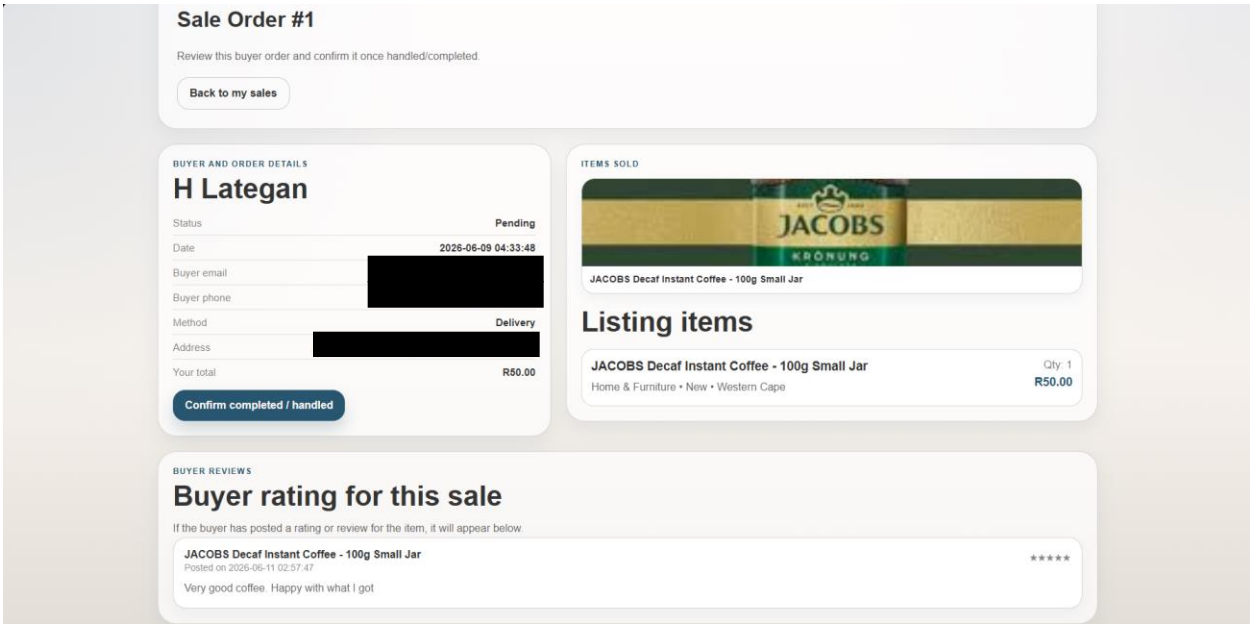

Seller Viewing Buyer Review

Purpose

Sellers can view reviews left by buyers on specific sales.

Steps

1. Go to Manage Account.
2. Click My Sales.
3. Open a sale.
4. Review the buyer rating and review if available.

Raising Complaints

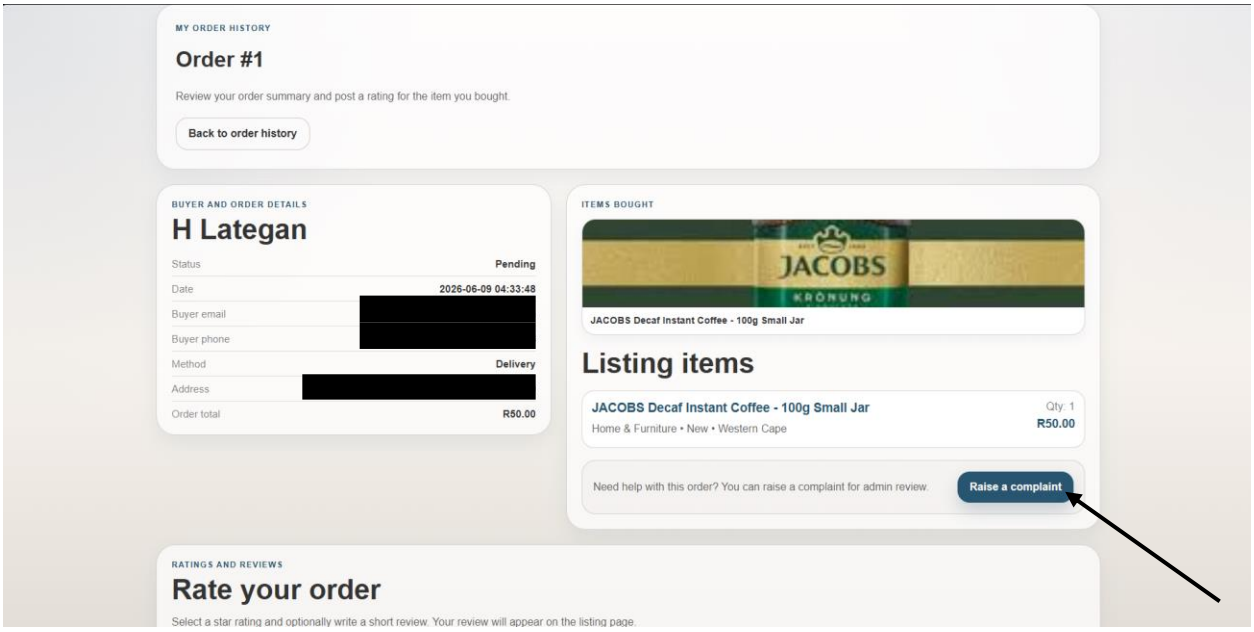

Opening the Complaint Page

Purpose

Buyers can raise a complaint about a specific order.

Steps

1. Open My Order History.
2. Click the relevant order.
3. Click Raise a complaint.
4. The complaint page opens.

Submitting a Complaint

Purpose

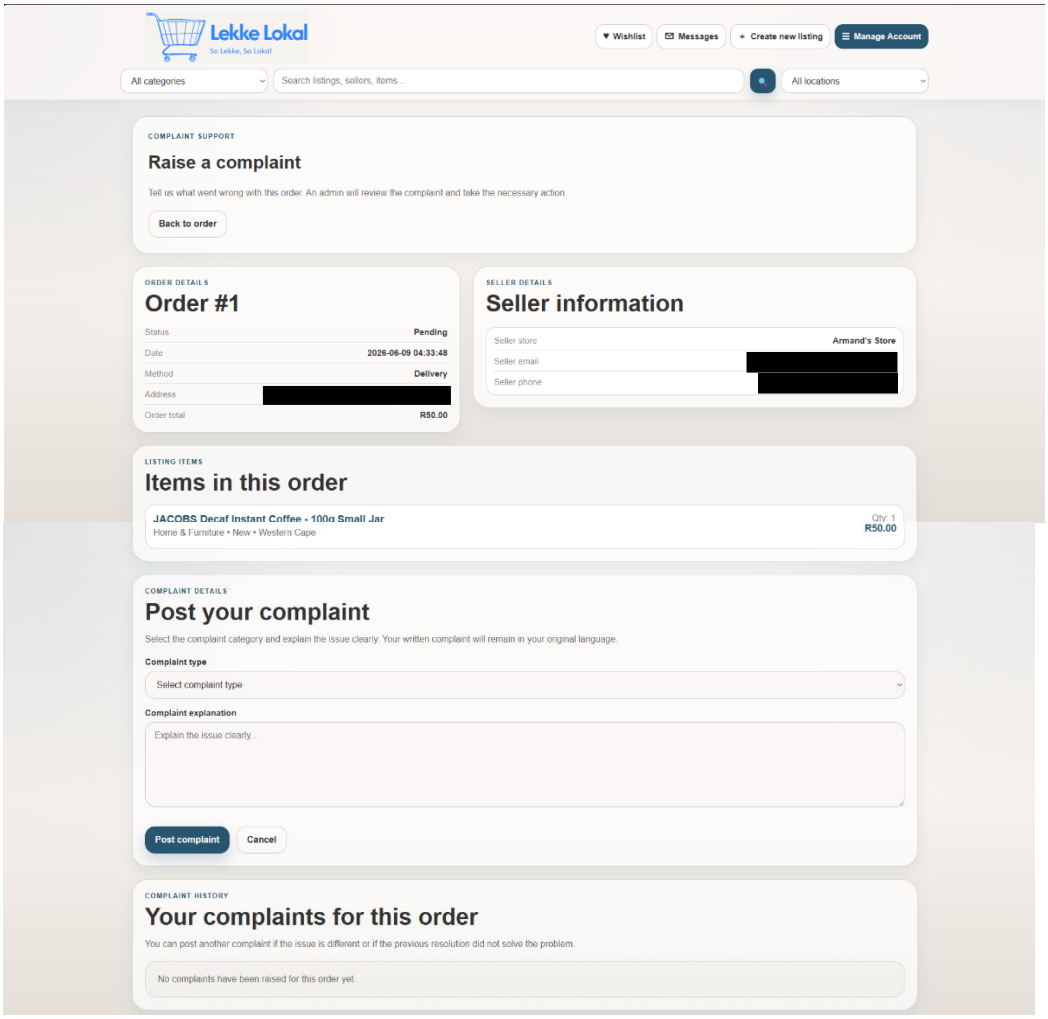

The complaint feature allows buyers to report order-related issues.

Complaint categories include:

- Product Misrepresentation & Quality
- Transaction & Fraud Issues
- Shipping & Logistics
- Platform & Customer Service

Steps

1. Open the complaint page for an order.
2. Review the order details and seller details.
3. Select the complaint type from the dropdown.
4. Enter a detailed complaint in the text area.
5. Click the button to post the complaint.

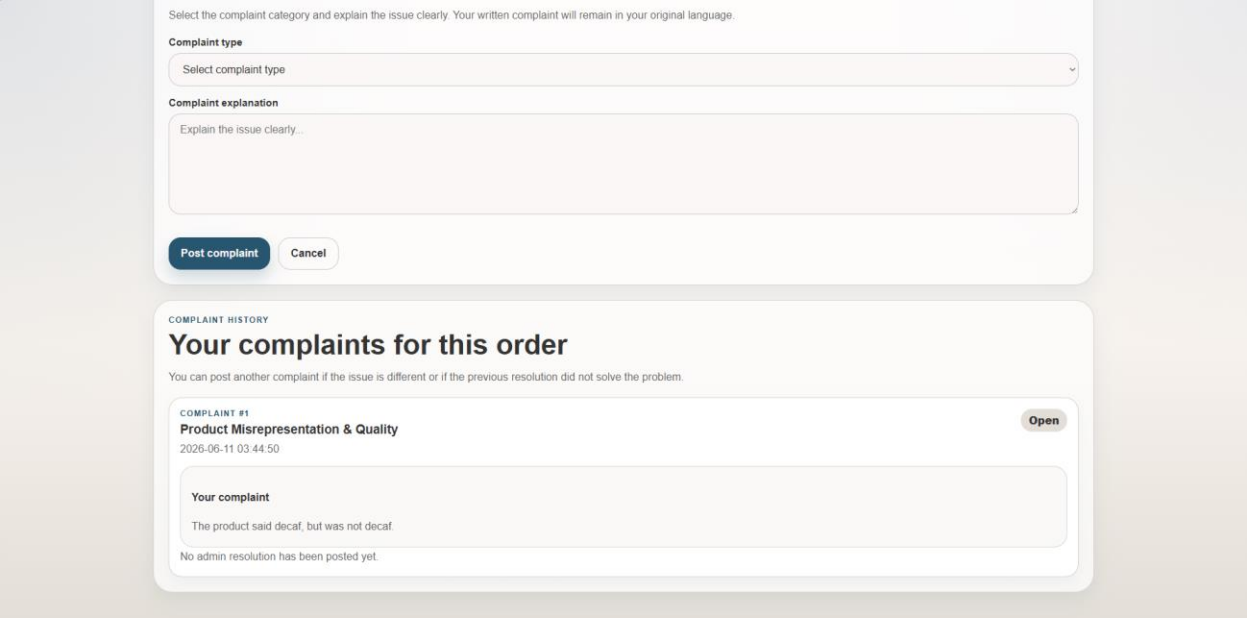

Viewing Complaint History

Purpose

Buyers can view previous complaints for an order from the complaint page.

Steps

1. Open an order.
2. Click Raise a complaint.
3. Existing complaints for that order are displayed.
4. If the Lekke Lokal team has resolved the complaint, the resolution message is shown.

Messaging

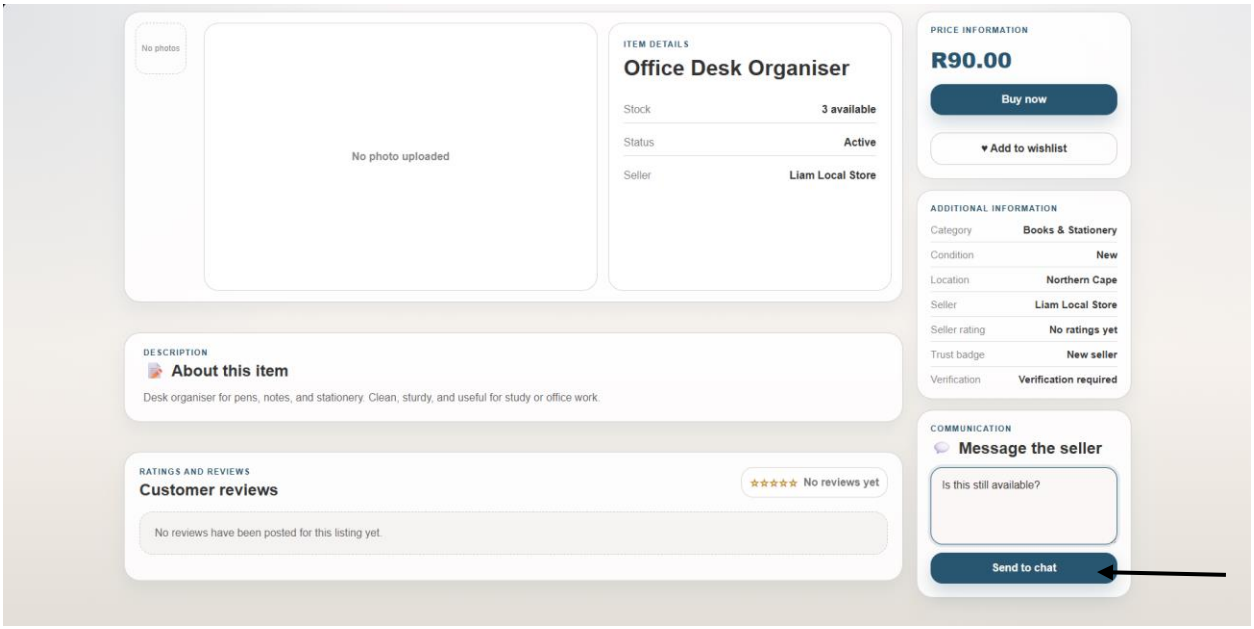

Starting a Message with a Seller

Purpose

Buyers can contact sellers before or after buying.

Steps

1. Open a listing detail page.
2. Scroll to the communication section.
3. Type a message.
4. Click the send/start chat button.
5. The conversation is created.

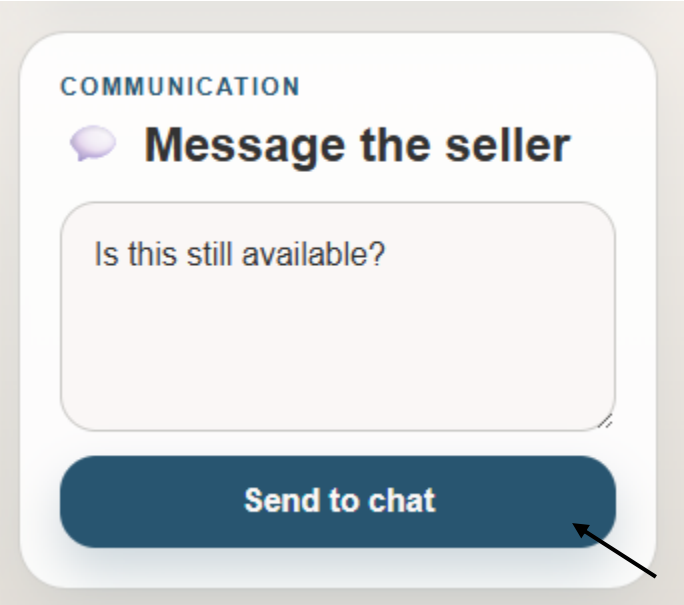

Opening Messages

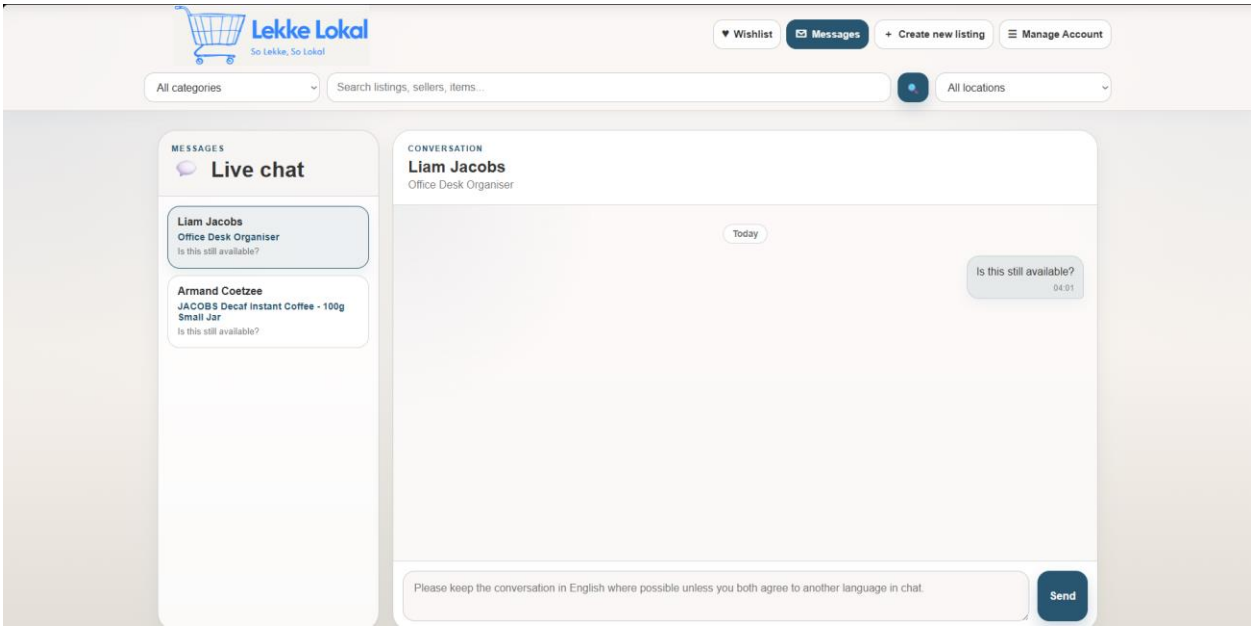

Purpose

The Messages page shows user conversations.

Steps

1. Click the messages icon in the navigation bar.
2. The Messages page opens.
3. Select a conversation on the left.
4. Messages appear in the conversation panel.

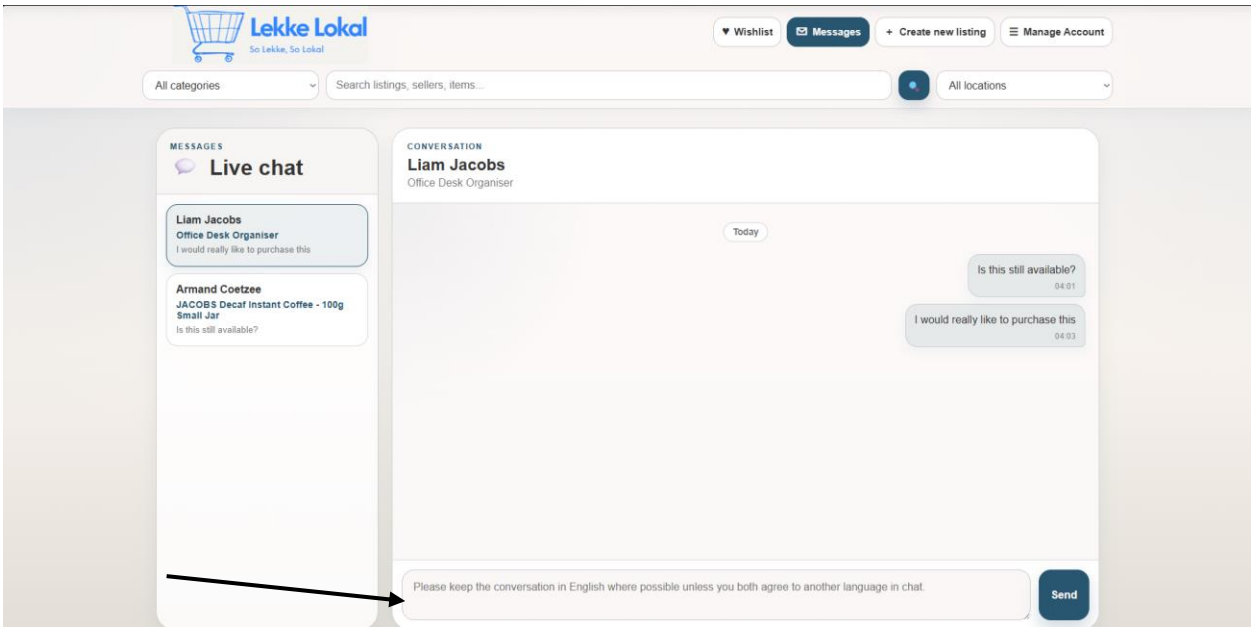

Sending a Message

Purpose

Users can send follow-up messages in an existing conversation.

Steps

1. Open the Messages page.
2. Select a conversation.
3. Type the message in the message box.
4. Click Send.
5. The message appears in the conversation.

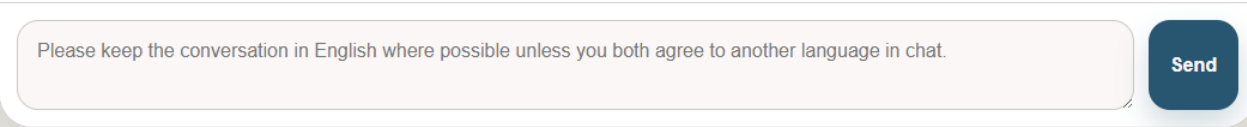

Language Guidance for Messages

Purpose

To avoid confusion, the system suggests keeping initial conversations in English unless both users agree to use another language.

Step

1. When typing a message, follow the hint shown in the message box.

Manage Account

Opening Manage Account

Purpose

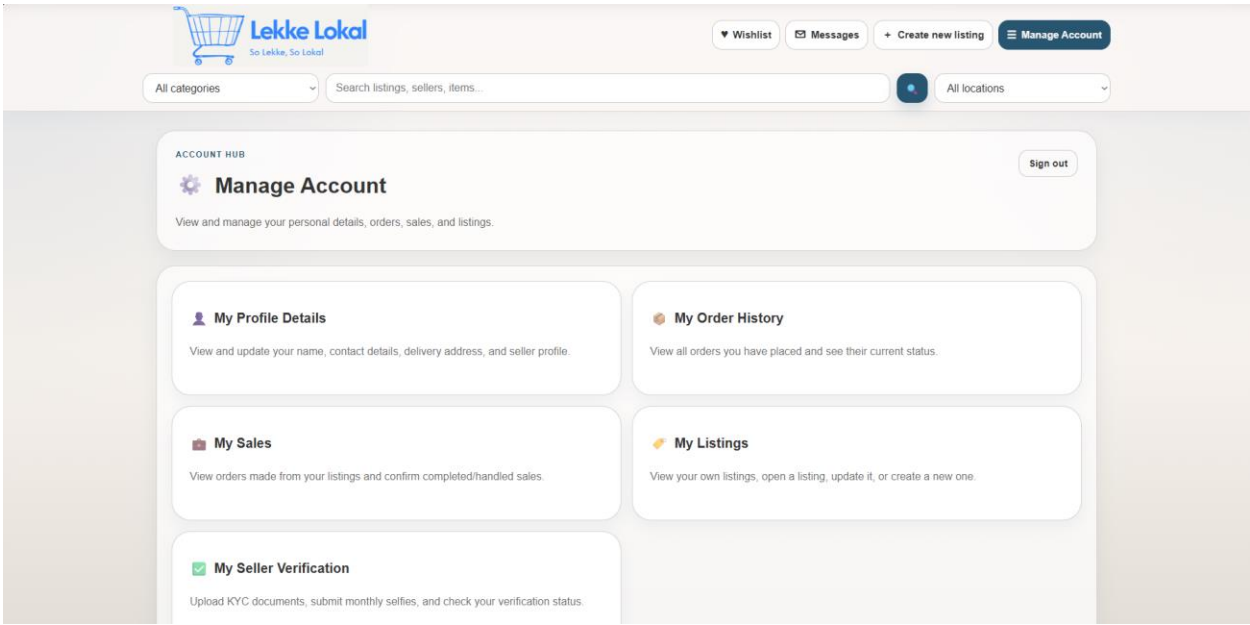

The Manage Account page gives users access to account-related features.

Steps

1. Click Manage Account in the navigation bar.
2. The account hub opens.

The account hub includes links to:

- Profile details
- My order history
- My sales
- My listings
- Seller verification
- Other account tools

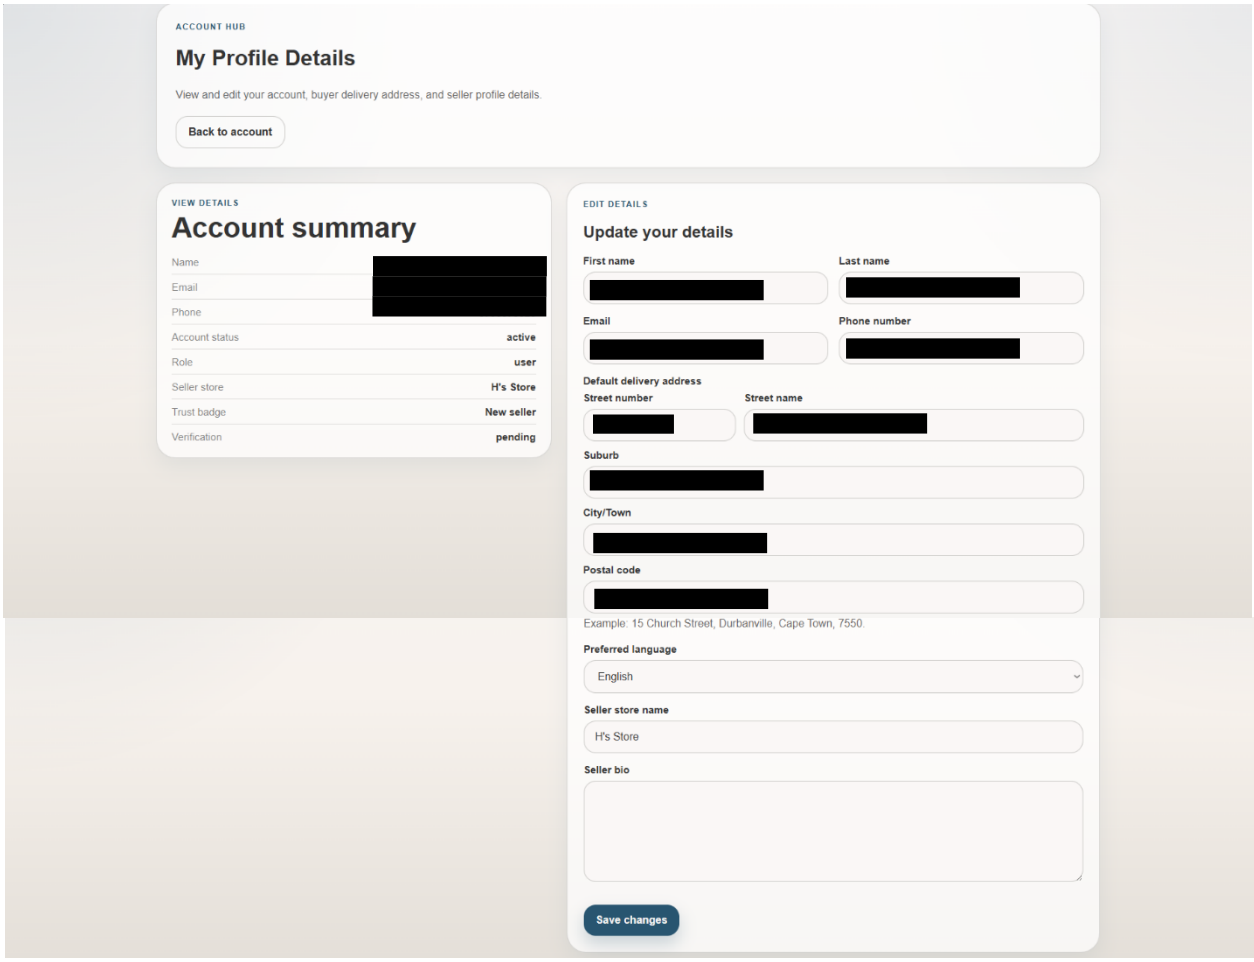

Updating Profile Details

Purpose

Users can update their personal details, store information, delivery address, and preferred language.

Steps

1. Open Manage Account.
2. Click the profile/personal details option.
3. Update fields such as:
    a. First name
    b. Last name
    c. Email address
    d. Phone number
    e. Store name
    f. Bio
    g. Delivery address
    h. Preferred language
4. Click save/update.

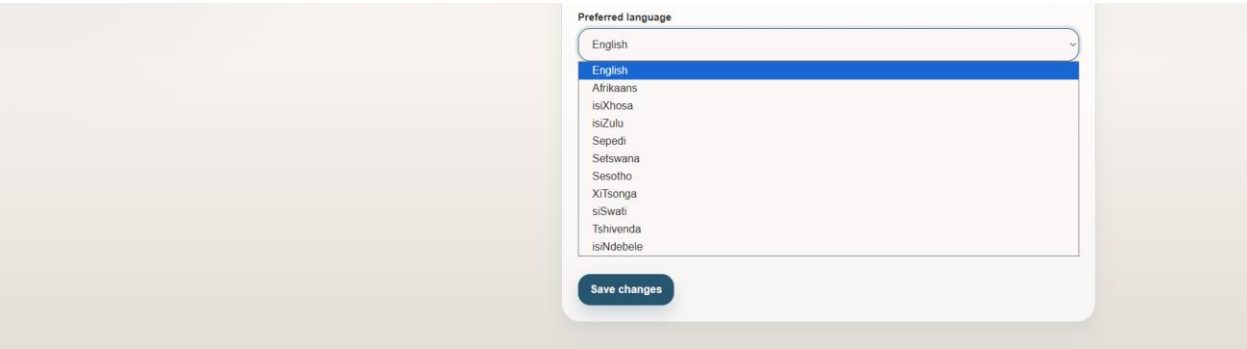

Changing Preferred Language

Purpose

The system supports multiple South African languages.

Steps

1. Open profile details.
2. Find the preferred language dropdown.
3. Select a language.
4. Save the profile.

Selling Products

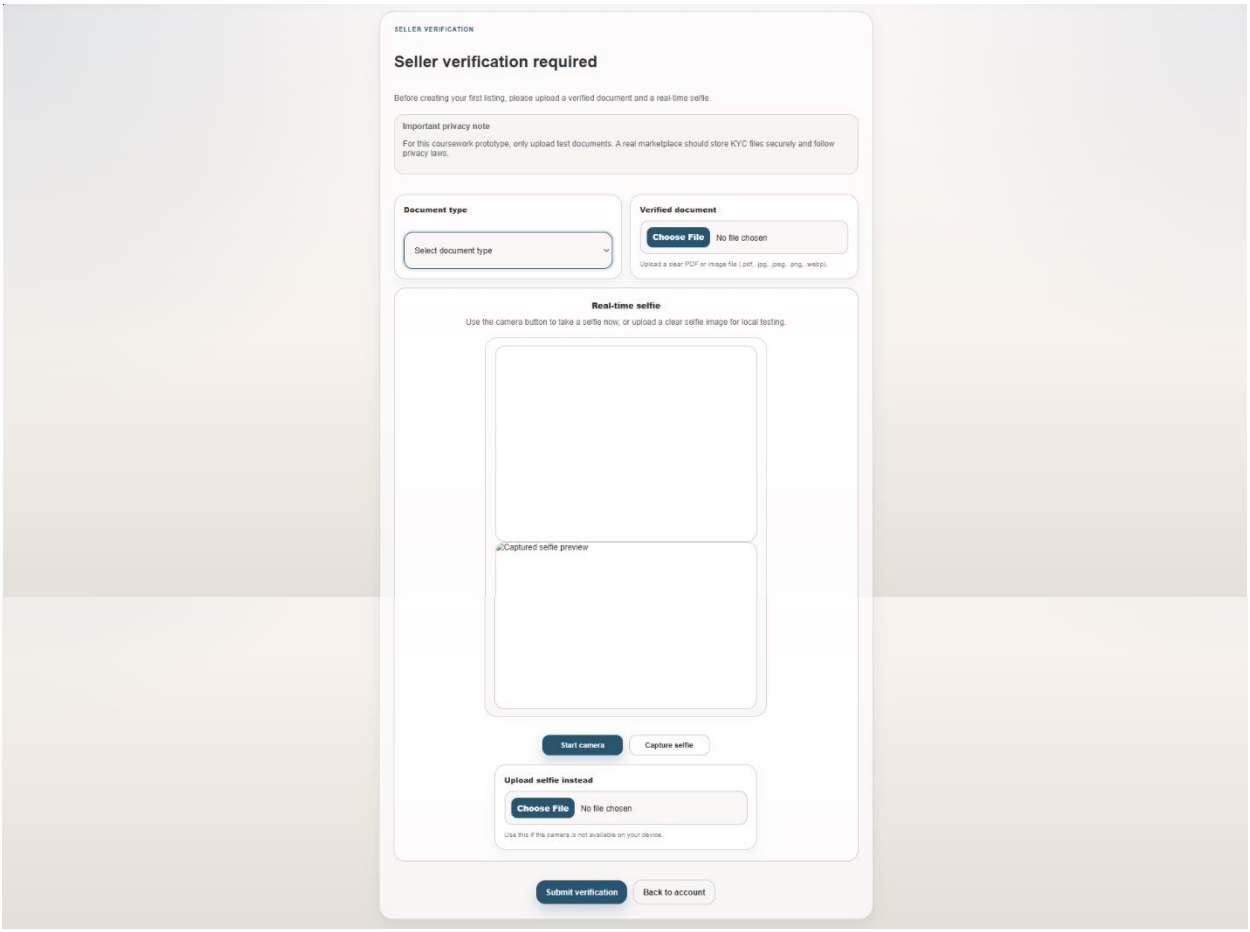

Seller Verification Requirement

Purpose

Before creating or managing listings, sellers may need to complete seller verification.

Steps

1. Click Create new listing or open Seller Verification.
2. If verification is required, the seller verification page opens.
3. Upload a valid document such as:
    a. ID
    b. Passport
    c. Driver licence
4. Upload or capture a selfie where required.
5. Submit the verification request.
6. Wait for the verification request to be reviewed and approved.

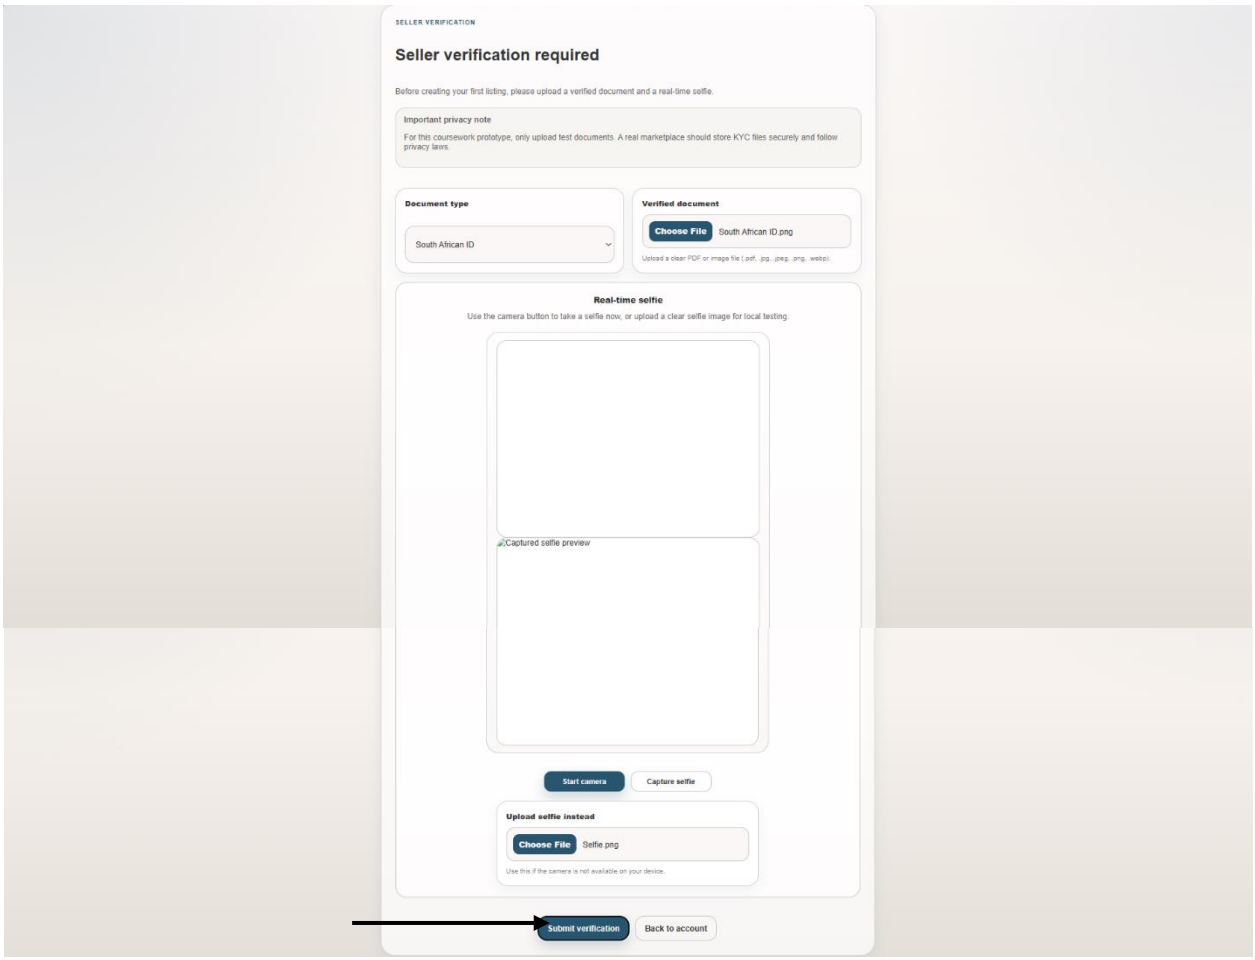

Monthly Selfie Verification

Purpose

If a user has active listings, the system can require periodic verification to keep seller trust up to date.

Steps

1. Log in as a seller.
2. If verification is required, complete the selfie verification.
3. Submit the verification.
4. Continue using listing features after verification is approved or up to date.

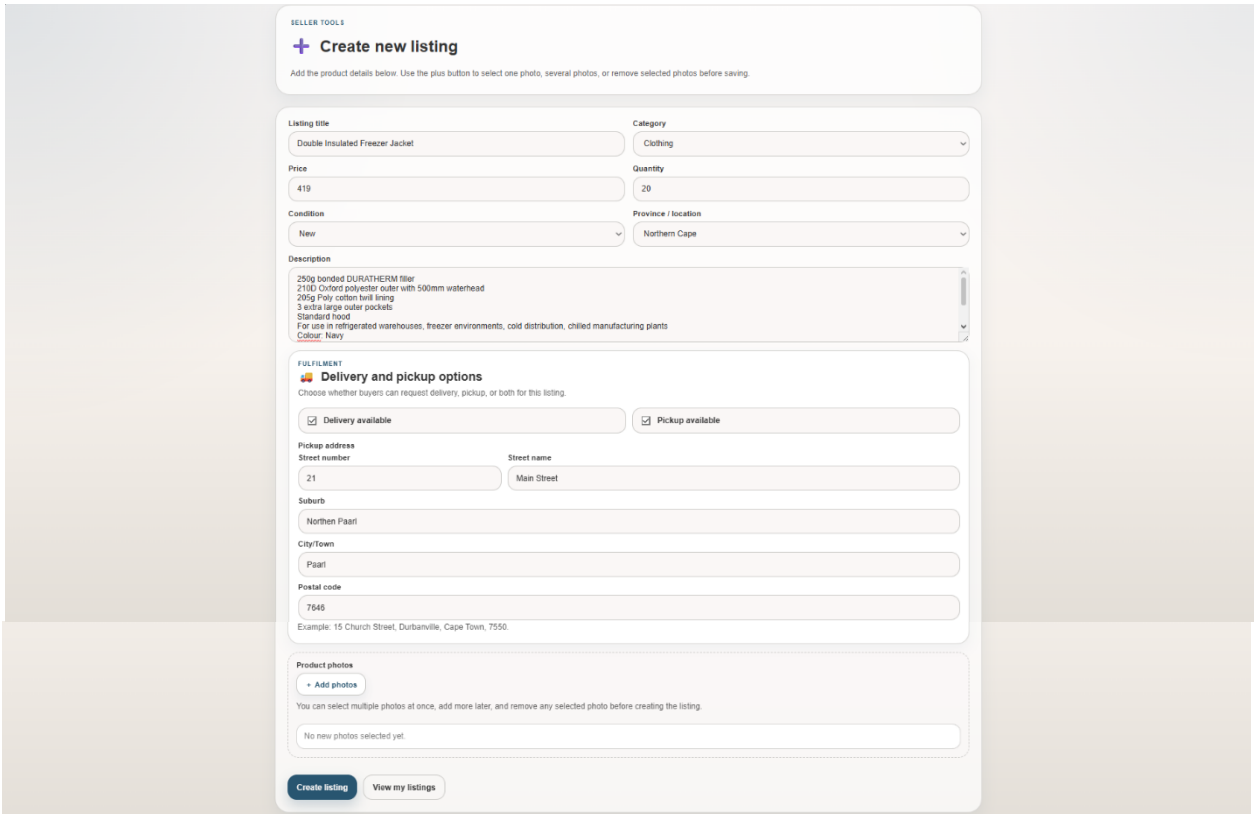

Creating a New Listing

Purpose

Sellers can create listings for products they want to sell.

Steps

1. Click Create new listing.
2. Enter the listing details:
    a. Title
    b. Category
    c. Price
    d. Quantity
    e. Condition
    f. Province/location
    g. Description
3. Select delivery and/or pickup options.
4. Enter pickup address if required.
5. Upload product photos.
6. Click Create listing.

Uploading Product Photos

Purpose

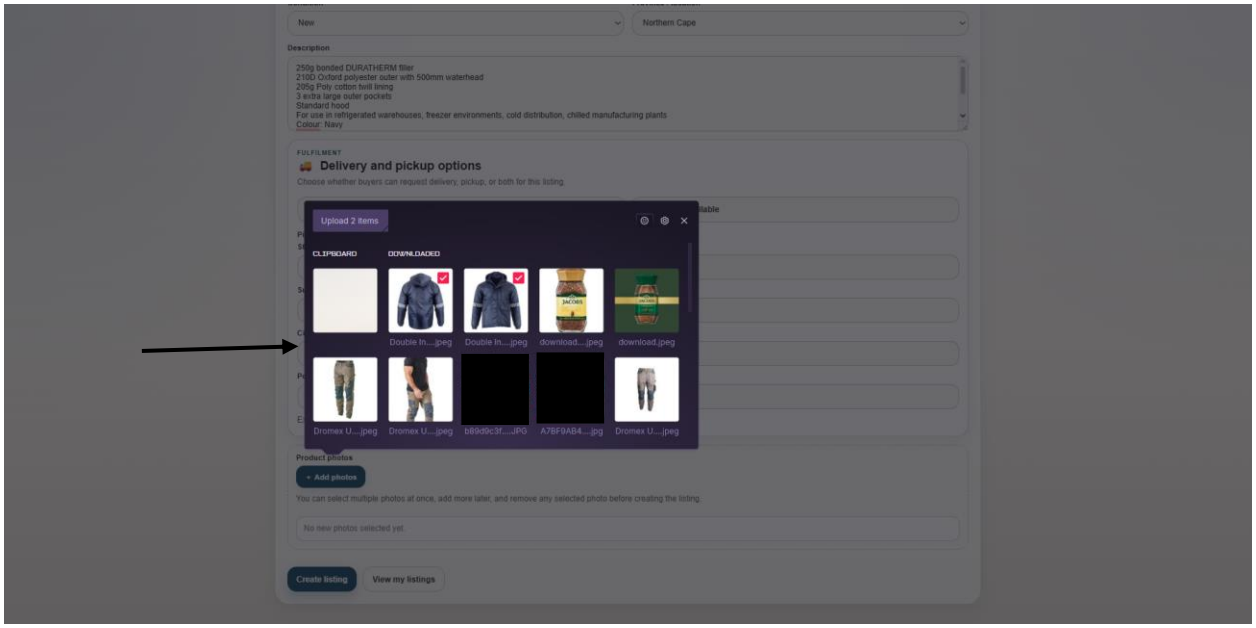

Product photos help buyers understand what is being sold.

Steps

1. On the create listing page, go to Product photos.
2. Click Add photos.
3. Choose images from the device.
4. Preview the selected photos.
5. Remove unwanted photos if necessary.
6. Submit the listing.

Photo requirements:

- Accepted formats: .jpg, .jpeg, .png, and .webp
- Minimum dimensions: 600 × 600 pixels
- Maximum dimensions: 8000 × 8000 pixels
- Maximum file size: 5 MB per photo
- Maximum number of photos: 10

Note: If a photo cannot be uploaded, an error message will explain why it was rejected.

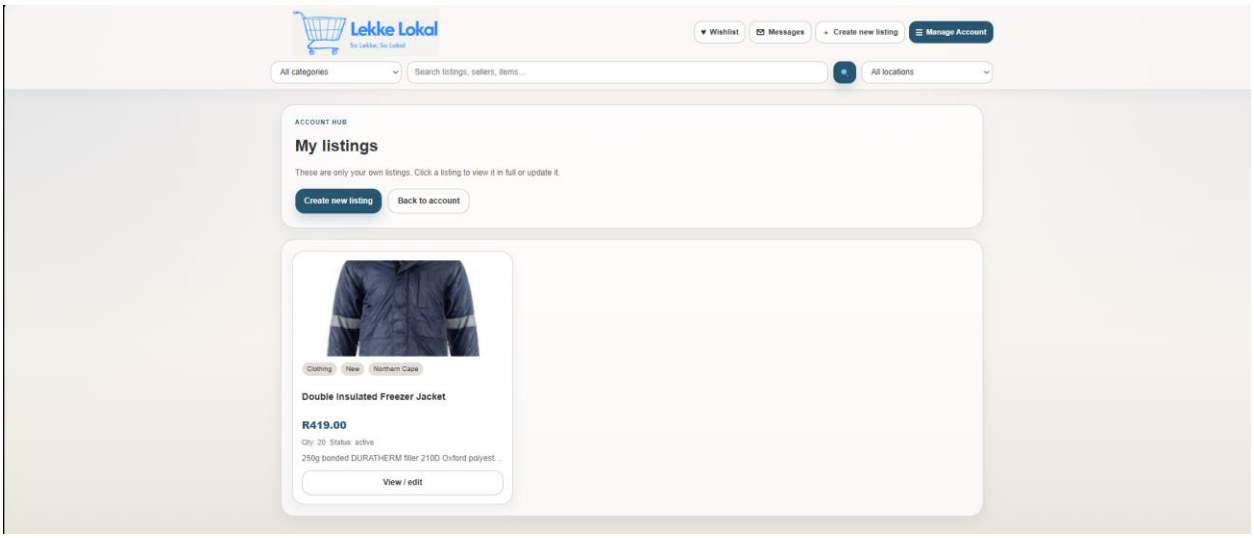

Viewing Own Listings

Purpose

Sellers can view only their own listings from the account hub.

Steps

1. Open Manage Account.
2. Click My Listings.
3. A list of the seller's own listings appears.
4. Click a listing to view or update it.

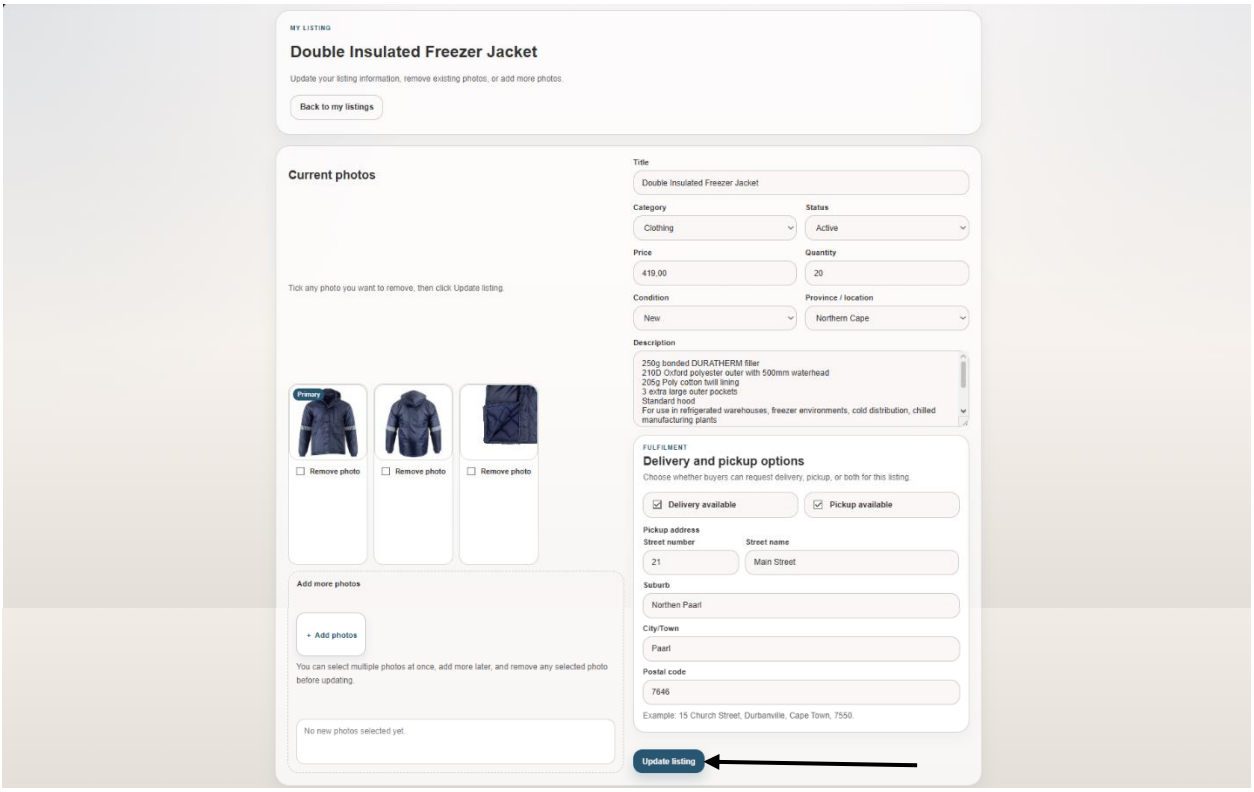

Editing a Listing

Purpose

Sellers can update listing information after creating a listing.

Steps

1. Open My Listings.
2. Click the listing that should be edited.
3. Update the listing details.
4. Add or remove images if needed.
5. Save the changes.

Removing or Restoring a Listing

Purpose

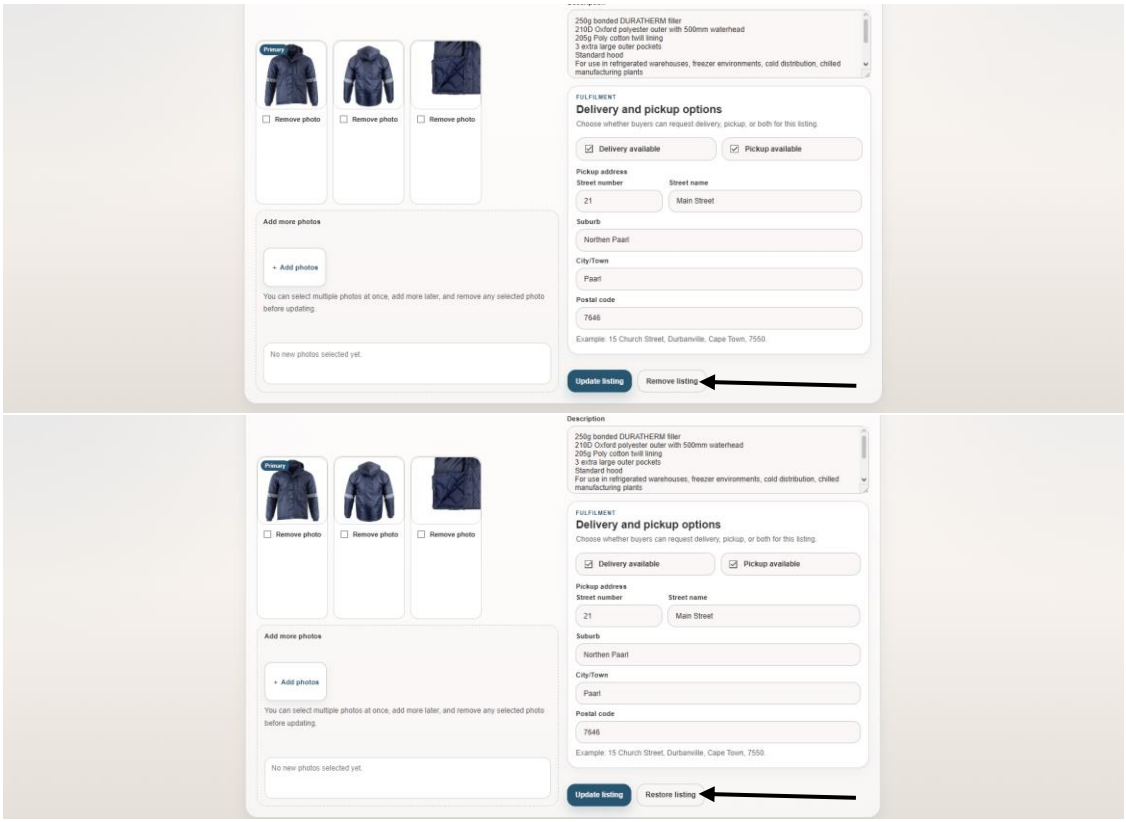

Sellers can remove a listing from the marketplace or restore it later if they want buyers to view and buy it again.

Steps

1. Click Manage Account in the navigation bar.
2. Click My Listings.
3. Select the listing that should be removed or restored.
4. The listing detail/edit page opens.
5. To remove the listing, click Remove listing next to the Update listing button.
6. Confirm the action when the confirmation message appears.
7. If the listing has already been removed, the button changes to Restore listing.
8. To add the listing back to the marketplace, click Restore listing.
9. Confirm the restore action when prompted.

Expected Result

When the seller removes a listing, the listing status changes to removed and buyers can no longer view or buy it from the marketplace. When the seller restores the listing, the status changes back to active, and the listing becomes available to buyers again.

Sales Management

Viewing Sales

Purpose

Sellers can view orders placed for their listings.

Steps

1. Open Manage Account.
2. Click My Sales.
3. The sales page displays buyer orders linked to the seller's listings.

Viewing Sale Details

Purpose

Sellers can view details about a specific sale.

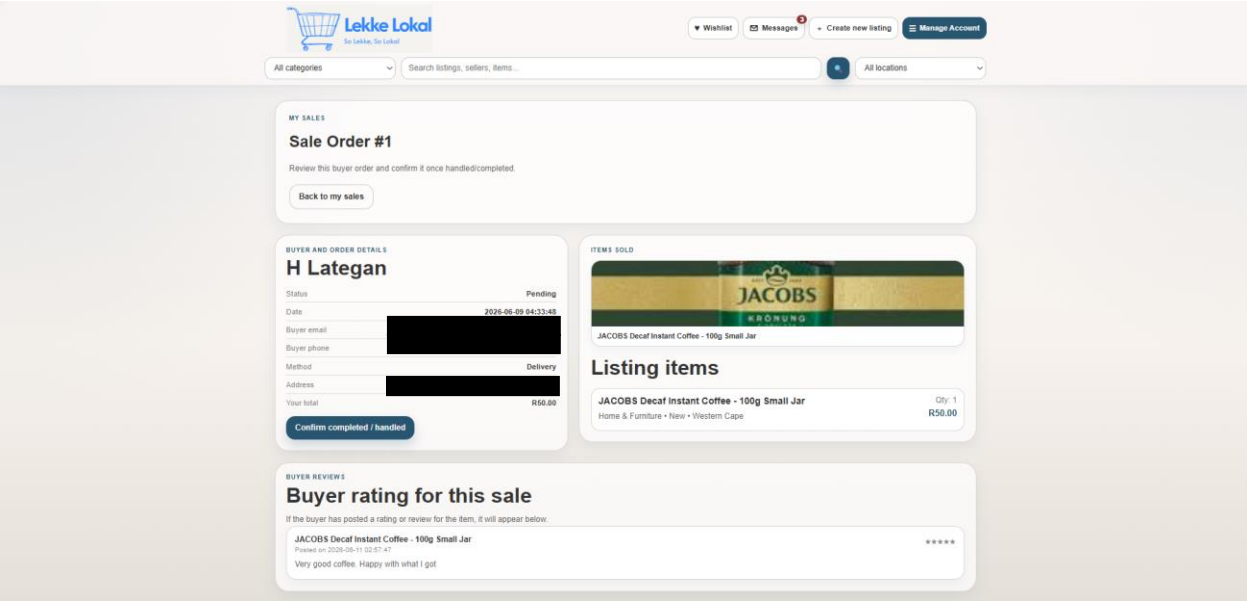

The sale detail page may include:

Sale order number

- Buyer details
- Order status
- Order date
- Delivery method
- Address
- Listing items
- Buyer rating/review if posted

Steps

1. Open My Sales.
2. Click a specific sale.
3. Review the sale summary.

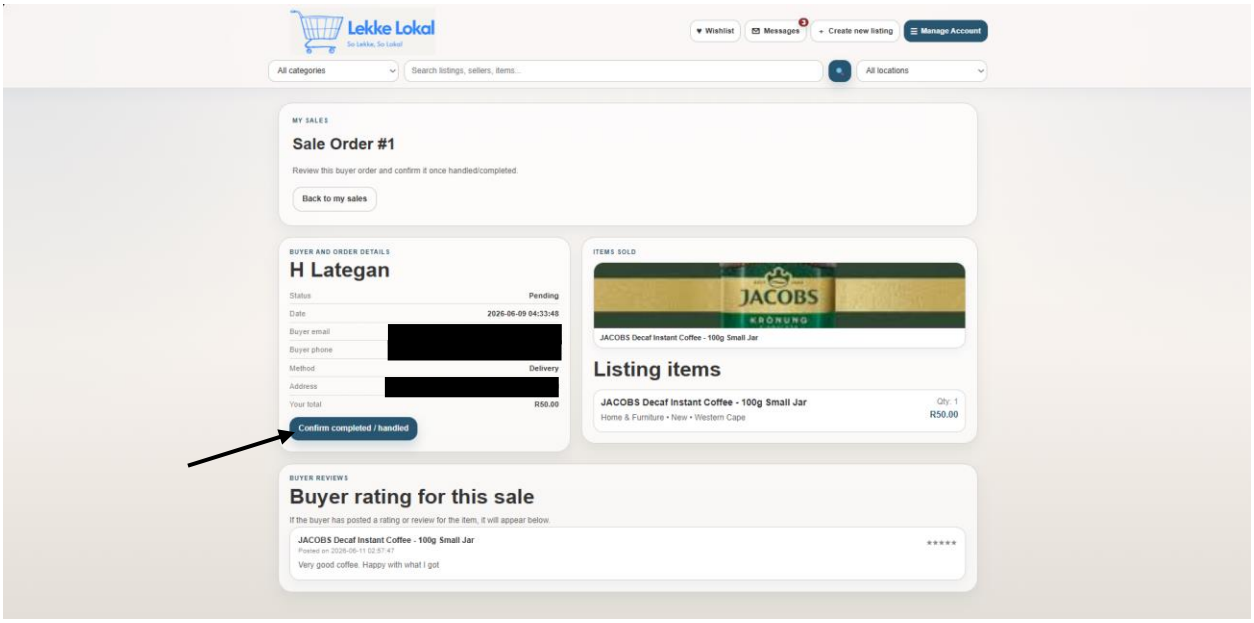

Marking a Sale as Completed

Purpose

Sellers can mark a sale as completed/handled.

Steps

1. Open a sale detail page.
2. Click the button to mark the sale as completed.
3. The system updates the sale status.
4. If the sale is already completed, the system does not update it again.

Trust Badge and Seller Verification

Trust Badge

Purpose

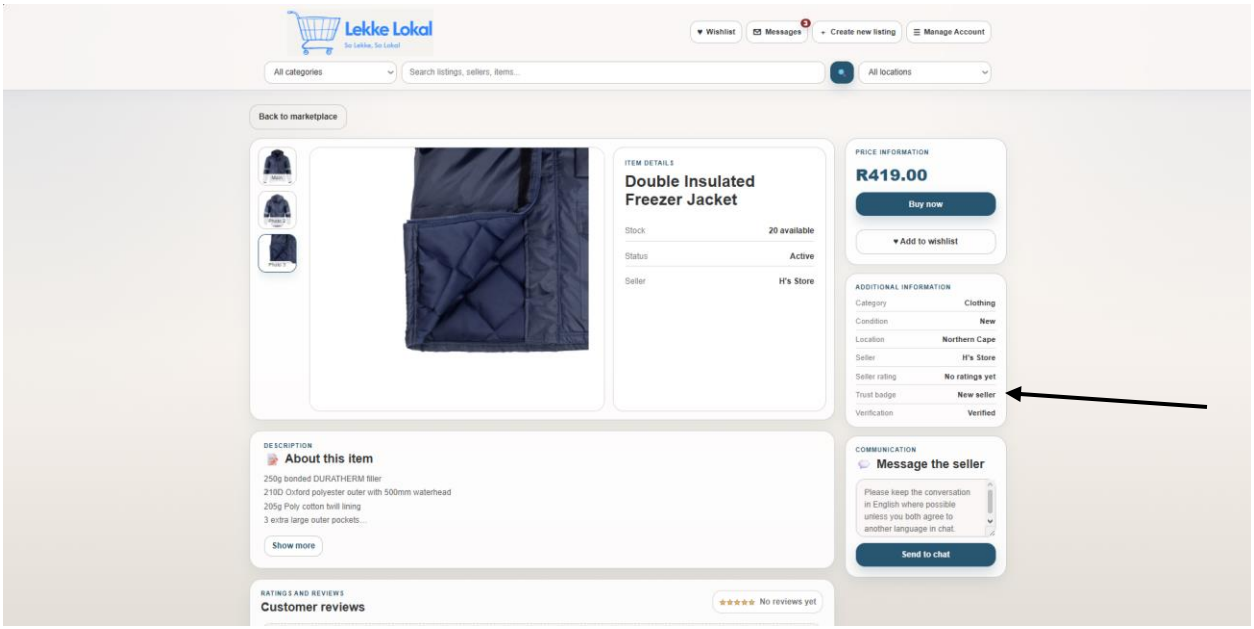

Trust badges help buyers understand seller reliability.

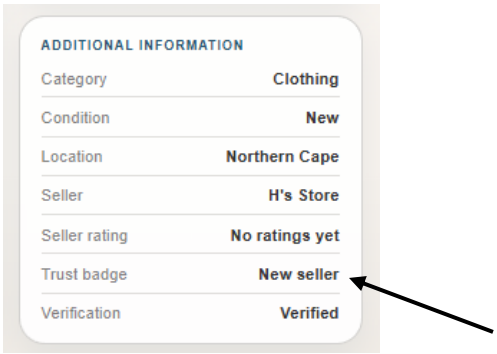

The trust badge may depend on:

- Number of completed sales
- Seller rating
- Complaint history
- Verification status

Examples include:

- New seller
- Trusted seller
- Verification required

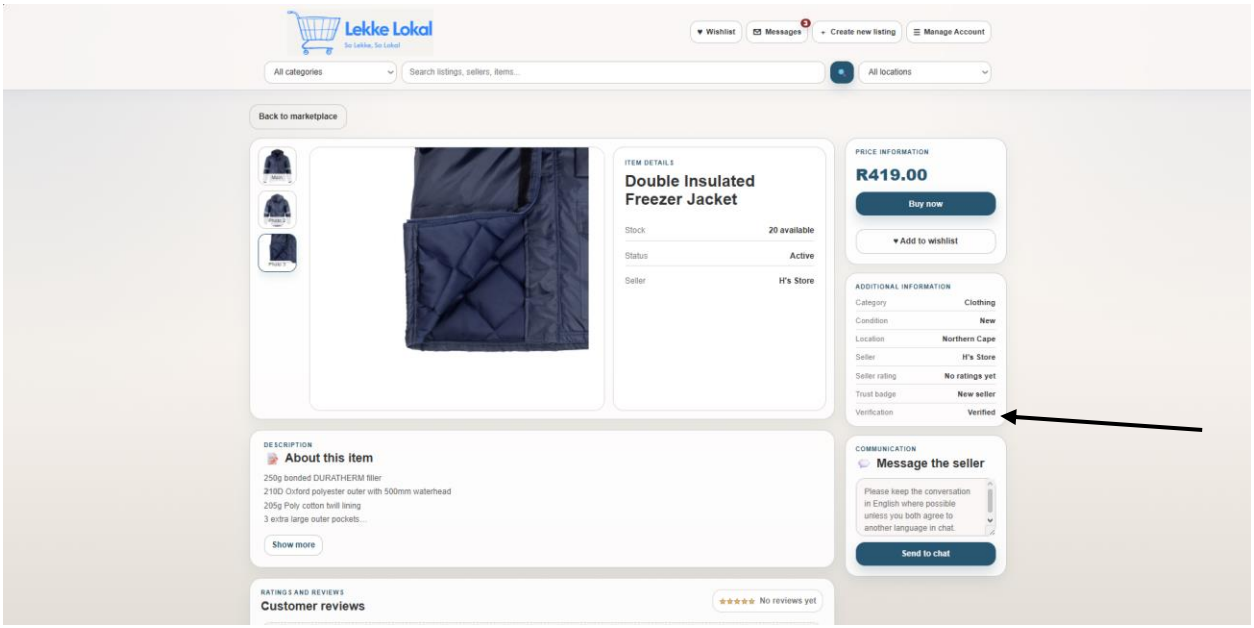

Seller Verification Status

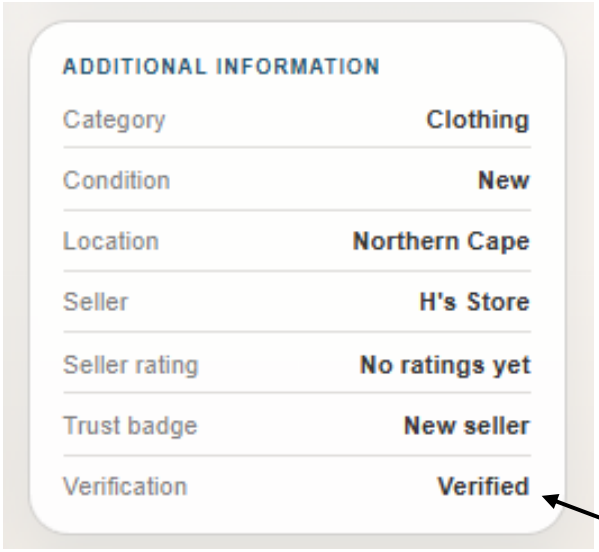

Purpose

Verification status shows whether the seller has completed the KYC process.

Possible statuses may include:

- Verification required
- Pending
- Verified

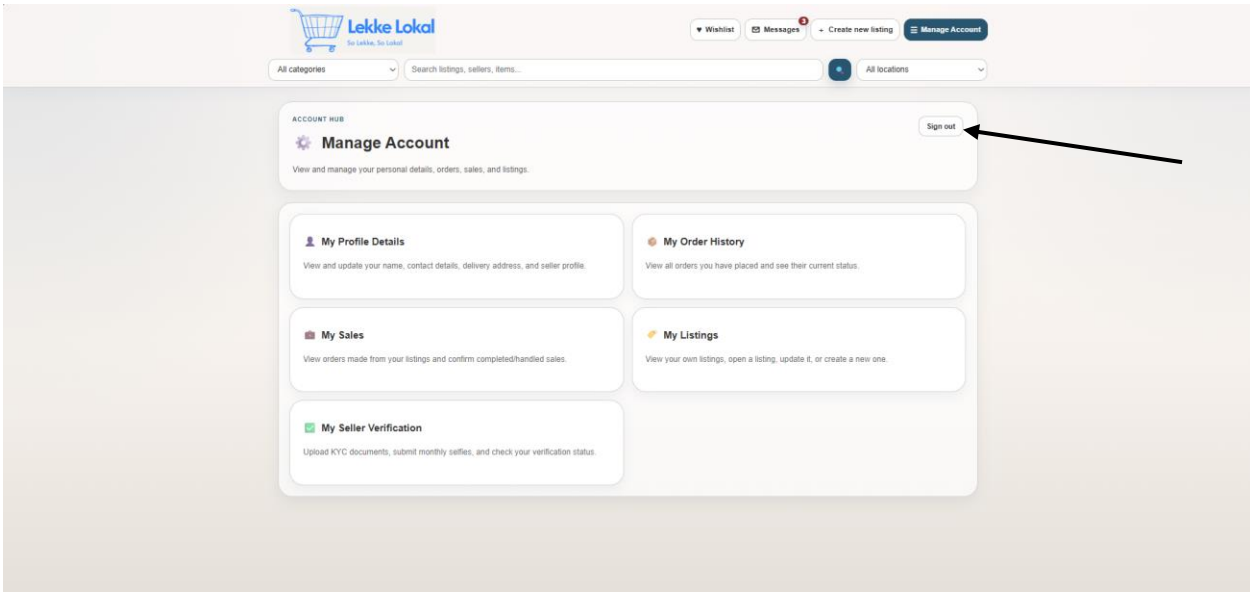

Signing Out

Purpose

Users should sign out when finished using the system.

Steps

1. Open the account area.
2. Click Sign out.
3. The session ends.
4. The user returns to the login page.

Expected Result:

The user is securely signed out and returned to the login page.

Getting More Help

This guide explains how to use the main features of the Lekke Lokal marketplace. Users who experience a problem that is not covered in this guide can contact the Lekke Lokal support team for assistance.

When requesting help, users should provide a short description of the problem and, where possible, include a screenshot of the message or page where the problem occurred. Passwords and OTP codes should never be included in a support request.
